

Blackstone

Blackstone Real Estate Income Trust (BREIT)

March 31, 2025

Blackstone Securities Partners L.P., Dealer Manager / Member FINRA

This is neither an offer to sell nor a solicitation of an offer to buy the securities described herein, and must be read in conjunction with the prospectus in order to understand fully all of the implications and risks of the offering to which this sales and advertising literature relates.

A COPY OF THE PROSPECTUS MUST BE MADE AVAILABLE TO YOU IN CONNECTION WITH THIS OFFERING, AND IS AVAILABLE AT WWW.BREIT.COM

IMPORTANT DISCLOSURE INFORMATION

SUMMARY OF RISK FACTORS

BREIT is a non-listed REIT that invests primarily in stabilized income-generating commercial real estate investments across asset classes in the United States ("U.S.") and, to a lesser extent, real estate debt investments, with a focus on current income. We invest to a lesser extent in countries outside of the U.S. This investment involves a high degree of risk. You should purchase these securities only if you can afford the complete loss of your investment. You should read the prospectus carefully for a description of the risks associated with an investment in BREIT. These risks include, but are not limited to, the following:

- Since there is no public trading market for shares of our common stock, repurchase of shares by us is generally the only way to dispose of your shares. Our share repurchase plan, which is approved and administered by our board of directors, provides our stockholders with the opportunity to request that we repurchase their shares on a monthly basis, but we are not obligated to repurchase any shares, and our board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion. In addition, repurchases will be subject to available liquidity and other significant restrictions, including repurchase limitations that have in the past been, and may in the future be, exceeded, resulting in our repurchase of shares on a pro rata basis. Further, our board of directors has in the past made exceptions to the limitations in our share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend our share repurchase plan if, in its reasonable judgment, it deems such action to be in our best interest and the best interest of our stockholders, such as when repurchase requests would place an undue burden on our liquidity, adversely affect our operations or impose an adverse impact on us that would outweigh the benefit of repurchasing shares submitted for repurchase. Our board of directors cannot terminate our share repurchase plan absent a liquidity event which results in our stockholders receiving cash or securities listed on a national securities exchange or where otherwise required by law. As a result, our shares should be considered as having only limited liquidity and at times may be illiquid.
- Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources.
- The purchase and repurchase price for shares of our common stock are generally based on our prior month's net asset value ("NAV") and are not based on any public trading market. While there will be annual appraisals of our properties performed by independent third-party appraisal firms, the valuation of properties is inherently subjective, and our NAV may not accurately reflect the actual price at which our properties could be liquidated on any given day.
- We are dependent on BX REIT Advisors L.L.C. (the "Adviser") to conduct our operations, as well as the persons and firms the Adviser retains to provide services on our behalf. The Adviser will face conflicts of interest as a result of, among other things, the allocation of investment opportunities among us and Other Blackstone Accounts (as defined in BREIT's prospectus), the allocation of time of its investment professionals and the substantial fees that we will pay to the Adviser.
- Principal and interest payments on any of our outstanding borrowings will reduce the amount of funds available for distribution or investment in additional real estate assets.
- There are limits on the ownership and transferability of our shares.
- We do not own the Blackstone name, but we are permitted to use it as part of our corporate name pursuant to a trademark license agreement with an affiliate of Blackstone Inc. ("Blackstone"). Use of the name by other parties or the termination of our trademark license agreement may harm our business.
- We intend to continue to qualify as a REIT for U.S. federal income tax purposes. However, if we fail to qualify as a REIT and no relief provisions apply, our NAV and cash available for distribution to our stockholders could materially decrease.
- The acquisition of investment properties may be financed in substantial part by borrowing, which increases our exposure to loss. The use of leverage involves a high degree of financial risk and will increase the exposure of our investments to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of our investments.
- Investing in commercial real estate assets involves certain risks, including but not limited to: tenants' inability to pay rent; increases in interest rates and lack of availability of financing; tenant turnover and vacancies; and changes in supply of or demand for similar properties in a given market.
- Recent concerns about the real estate market, changes in interest rates, elevated inflation, increased energy costs and geopolitical issues (including trade and other conflicts) have contributed to increased market volatility and may negatively impact the economy going forward. Our operating results will be affected by global and national economic and market conditions generally and by the local economic conditions where our properties are located, including changes with respect to rising vacancy rates or decreasing market rental rates; inability to lease space on favorable terms; bankruptcies, financial difficulties or lease defaults by our tenants, particularly for our tenants with net leases for large properties; elevated inflation, changes in interest rates and supply chain disruptions; market volatility and changes in government rules, regulations and fiscal policies, such as property taxes, zoning laws, limitations on rental rates, compliance costs with respect to environmental laws and the scaling back or termination of government contracts (such as the termination of the U.S. General Services Administration ("GSA") leases).

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

- Our portfolio is currently concentrated in certain industries and geographies, and, as a consequence, our aggregate return may be substantially affected by adverse economic or business conditions affecting that particular type of asset or geography.
- Competition for investment opportunities may reduce our profitability and the return on your investment.
- Local, regional, or global events such as war (e.g., Russia / Ukraine), acts of terrorism, public health issues like pandemics or epidemics (e.g., COVID-19), recessions, or other economic, political and global macro factors and events could lead to a substantial economic downturn or recession in the US and global economies and have a significant impact on BREIT and its investments. The recovery from such downturns is uncertain and may last for an extended period of time or result in significant volatility, and many of the risks discussed herein associated with an investment in BREIT may be increased.

The properties, sectors and geographies referenced herein do not represent all BREIT investments. The selected investment examples presented or referred to herein may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by BREIT in employing its investment strategies. It should not be assumed that BREIT's investment in the properties identified and discussed herein were or will be profitable or that BREIT will make equally successful or comparable investments in the future. Please refer to <https://www.breit.com/properties> for a complete list of real estate investments (excluding equity in public and private real estate related companies). "Real estate investments" include wholly owned property investments, BREIT's share of property investments held through joint ventures and equity in public and private real estate-related companies.

Neither the Securities and Exchange Commission (the "SEC"), the Attorney General of the State of New York nor any other state securities regulator has approved or disapproved of these securities or determined if the prospectus is truthful or complete. Any representation to the contrary is unlawful.

This material must be read in conjunction with BREIT's prospectus in order to fully understand all the implications and risks of an investment in BREIT. Please refer to the prospectus for more information regarding state suitability standards and consult a financial professional for share class availability and appropriateness. This material is neither an offer to sell nor a solicitation of an offer to buy securities.

An offering is made only by BREIT's prospectus, which must be made available to you in connection with this offering and is available at www.breit.com/prospectus and a prospectus filed with the Department of Law of the State of New York. Prior to making an investment, investors should read the prospectus in its entirety, including the "Risk Factors" section therein, which contains the risks and uncertainties that we believe are material to our business, operating results, prospects, and financial condition.

Financial information is approximate and as of March 31, 2025, unless otherwise indicated. The words "we", "us", and "our" refer to BREIT, together with its consolidated subsidiaries, including BREIT Operating Partnership L.P., unless the context requires otherwise.

IMPORTANT DISCLOSURE ABOUT OTHER BLACKSTONE REAL ESTATE FUNDS

This material includes information related to prior investments Blackstone Real Estate has made, in which BREIT will not have any interest. Prospective investors should note that the investment programs, objectives, leverage policies and strategies of Blackstone's opportunistic real estate private equity funds (the "Opportunistic Real Estate Private Equity Funds"), the Blackstone real estate debt funds (the "Real Estate Debt Funds"), and core+ real estate private equity funds (the "Core+ Real Estate Private Equity Funds") are substantially different from the investment program and objectives of BREIT, despite each strategy focusing on making real estate-related investments. Specifically, the Opportunistic Real Estate Private Equity Funds invest in "opportunistic" real estate and real estate-related assets globally (which often are undermanaged assets and with higher potential for equity appreciation), the Real Estate Debt Funds invest in debt investments including mezzanine loans, liquid securities, mortgages and corporate credit, the Core+ Real Estate Private Equity Funds invest in substantially stabilized real estate across office, rental housing, industrial, retail and life science office sectors, with a focus on the major global markets and total return, whereas BREIT is a publicly registered non-listed perpetual-life REIT that generally targets primarily stabilized income-generating commercial real estate investments across asset classes in the United States and, to a lesser extent, real estate debt investments, with a focus on current return. The information provided herein regarding the Opportunistic Real Estate Private Equity Funds, the Real Estate Debt Funds, and the Core+ Real Estate Private Equity Funds is, therefore, provided solely for background purposes.

FORWARD-LOOKING STATEMENT DISCLOSURE

Certain information contained in this material constitutes "forward-looking statements" within the meaning of the federal securities laws and the Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by the use of forward-looking terminology such as "outlook," "indicator," "believes," "expects," "potential," "continues," "identified," "may," "will," "could," "should," "seeks," "approximately," "predicts," "intends," "plans," "estimates," "anticipates," "confident," "conviction" or other similar words or the negatives thereof. These may include financial estimates and their underlying assumptions, statements about plans, objectives, intentions, and expectations with respect to positioning, including the impact of macroeconomic trends and market forces, future operations, repurchases, acquisitions, future performance and statements regarding identified but not yet closed acquisitions and pre-leased but not yet occupied development properties. Such forward-looking statements are inherently subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in such statements. We believe these factors include but are not limited to those described under the section entitled "Risk Factors" in BREIT's prospectus and annual report for the most recent fiscal year, and any such updated factors included in BREIT's periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

(cont'd) the other cautionary statements that are included in this document (or BREIT's public filings). Except as otherwise required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future developments or otherwise.

ADDITIONAL IMPORTANT DISCLOSURES

Blackstone Securities Partners L.P. ("BSP") is a broker-dealer whose purpose is to distribute Blackstone managed or affiliated products. BSP provides services to its Blackstone affiliates, not to investors in its funds, strategies or other products. BSP does not make any recommendation regarding, and will not monitor, any investment. As such, when BSP presents an investment strategy or product to an investor, BSP does not collect the information necessary to determine — and BSP does not engage in a determination regarding — whether an investment in the strategy or product is in the best interests of, or is suitable for, the investor. You should exercise your own judgment and/or consult with a professional advisor to determine whether it is advisable for you to invest in any Blackstone strategy or product. Please note that BSP may not provide the kinds of financial services that you might expect from another financial intermediary, such as overseeing any brokerage or similar account. For financial advice relating to an investment in any Blackstone strategy or product, contact your own professional advisor.

This material was not created by any third-party registered broker-dealers or investment advisers who are distributing shares of BREIT (each, a "Dealer"). The Dealers have made no independent verification of the information provided and do not guarantee the accuracy or completeness of such information.

This material is not to be reproduced or distributed to any other persons (other than professional advisors of the investors or prospective investors, as applicable, receiving this material) and is intended solely for the use of the persons to whom it has been delivered.

The sole purpose of this material is to inform, and it in no way is intended to attract any funds or deposits. Investments mentioned may not be appropriate for all investors. Any product discussed herein may be purchased only after an investor has carefully reviewed BREIT's prospectus and executed the subscription documents. The Dealers have not considered the actual or desired investment objectives, goals, strategies, guidelines, or factual circumstances of any investor in any fund(s).

Alternative investments often are speculative, typically have higher fees than traditional investments, often include a high degree of risk and are appropriate only for eligible, long-term investors who are willing to forgo liquidity and put capital at risk for an indefinite period of time. They may be highly illiquid and can engage in leverage and other speculative practices that may increase volatility and risk of loss.

Certain information contained in this material has been obtained from sources outside Blackstone, which in certain cases has not been updated through the date hereof. While such information is believed to be reliable for purposes used herein, no representations are made as to the accuracy or completeness thereof and none of Blackstone, its funds, nor any of their affiliates takes any responsibility for, and has not independently verified, any such information. This information involves a number of assumptions and limitations, and you are cautioned not to give undue weight to these estimates.

Opinions expressed reflect the current opinions of BREIT as of the date appearing in the materials only and are based on BREIT's opinions of the current market environment, which is subject to change. Stockholders, financial professionals and prospective investors should not rely solely upon the information presented when making an investment decision and should review the most recent prospectus, as supplemented, available at www.breit.com. Additionally, BREIT continuously updates its materials. Please refer to www.breit.com/resources to ensure you are reviewing the latest versions of these materials. Certain information contained in the materials discusses general market activity, industry or sector trends, or other broad-based economic, market or political conditions and should not be construed as research or investment advice.

Further, opinions expressed herein may differ from the opinions expressed by a Dealer and/or other businesses / affiliates of a Dealer. This is not a "research report" as defined by FINRA Rule 2241 or a "debt research report" as defined by FINRA Rule 2242 and was not prepared by the Research Departments of a Dealer or its affiliates.

Clarity of text in this document may be affected by the size of the screen on which it is displayed.

Past performance does not predict future returns. Actual results may vary. Diversification does not assure a profit protection against loss in a declining market.

Alternative investments involve complex tax structures, tax inefficient investing, and delays in distributing important tax information. Individual funds have specific risks related to their investment programs that will vary from fund to fund. Investors should consult their own tax and legal advisors as Dealers generally do not provide tax or legal advice. REITs are generally not taxed at the corporate level to the extent they distribute all of their taxable income in the form of dividends. Ordinary income dividends are taxed at individual tax rates and distributions may be subject to state tax. Each investor's tax considerations are different and consulting a tax advisor is recommended. Any of the data provided herein should not be construed as investment, tax, accounting or legal advice.

Interests in alternative investment products are distributed by the applicable Dealer and (1) are not FDIC-insured, (2) are not deposits or other obligations of such Dealer or any of its affiliates, and (3) are not guaranteed by such Dealer and its affiliates. Each Dealer is a registered broker-dealer, not a bank.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

Blackstone Proprietary Data. Certain information and data provided herein is based on Blackstone proprietary knowledge and data. Portfolio companies may provide proprietary market data to Blackstone, including about local market supply and demand conditions, current market rents and operating expenses, capital expenditures, and valuations for multiple assets. Such proprietary market data is used by Blackstone to evaluate market trends as well as to underwrite potential and existing investments. While Blackstone currently believes that such information is reliable for purposes used herein, it is subject to change, and reflects Blackstone's opinion as to whether the amount, nature and quality of the data is sufficient for the applicable conclusion, and no representations are made as to the accuracy or completeness thereof.

Leverage. Our leverage ratio is measured by dividing (i) consolidated property-level and entity-level debt net of cash and loan-related restricted cash, by (ii) the asset value of real estate investments (measured using the greater of fair market value and cost) plus the equity in our settled real estate debt investments. "Real estate debt investments" include BREIT's investments in commercial mortgage-backed securities, residential mortgage-backed securities, mortgage loans and other debt secured by real estate and real estate related assets, as described in BREIT's prospectus. The Consolidated GAAP Balance Sheet included in our annual and interim financial statements reflects the loan collateral underlying certain of our real estate debt investments on a gross basis. These amounts are excluded from our real estate debt investments as they do not reflect our economic interest in such assets. Indebtedness incurred (i) in connection with funding a deposit in advance of the closing of an investment or (ii) as other working capital advances will not be included as part of the calculation above. The leverage ratio would be higher if the indebtedness on our real estate debt investments and the pro rata share of debt within our unconsolidated investments were taken into account. The use of leverage involves a high degree of financial risk and may increase the exposure of the investments to adverse economic factors.

Logos. The logos presented herein were not selected based on performance of the applicable company or sponsor to which they pertain. In Blackstone's opinion, the logos selected were generally the most applicable examples of the given thesis, theme or trend discussed on the relevant slide(s). All rights to the trademarks and/or logos presented herein belong to their respective owners and Blackstone's use hereof does not imply an affiliation with, or endorsement by, the owners of these logos.

MSA. Locations provided for any properties herein, excluding the Real Estate Property Holdings section, indicate the metropolitan statistical area ("MSA") in which such property is located. MSA names have been abbreviated.

NAV Calculation and Reconciliation. This material contains references to our net asset value ("NAV") and NAV based calculations, which involve significant professional judgment. Our NAV is generally equal to the fair value of our assets less outstanding liabilities, calculated in accordance with our valuation guidelines. The calculated value of our assets and liabilities may differ from our actual realizable value or future value which would affect the NAV as well as any returns derived from that NAV, and ultimately the value of your investment. As return information is calculated based on NAV, return information presented will be impacted should the assumptions on which NAV was determined prove to be incorrect. NAV is not a measure used under generally accepted accounting principles ("GAAP") and will likely differ from the GAAP value of BREIT's equity reflected in BREIT's financial statements. As of March 31, 2025, BREIT's total equity under GAAP, excluding non-controlling third-party JV interests, was \$26.7 billion and BREIT's NAV was \$53.3 billion. As of March 31, 2025, BREIT's NAV per share was \$13.80, \$13.57, \$13.48 and \$13.81 for Class S, Class T, Class D and Class I shares, respectively, and GAAP equity per share/unit was \$6.92. GAAP equity accounts for net income (loss) as calculated under GAAP, and BREIT has incurred \$1.8 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the three months ended March 31, 2025. BREIT's net income (loss) as calculated under GAAP and a reconciliation of BREIT's GAAP equity, excluding non-controlling third-party JV interests, to BREIT's NAV are provided in BREIT's annual and interim financial statements. BREIT's inception to date cash flows from operating activities, along with inception to date net gains from investment realizations, have funded 100% of BREIT's distributions through March 31, 2025. See "Management's Discussion and Analysis of Financial Condition and Results of Operations --Distributions" in BREIT's Quarterly Report on Form 10-Q for more information. For further information, please refer to "Net Asset Value Calculation and Valuation Guidelines" in BREIT's prospectus, which describes BREIT's valuation process and the independent third parties who assist BREIT.

Occupancy. Occupancy is an important real estate metric because it measures the utilization of properties in the portfolio. Occupancy is weighted by the total value of all consolidated real estate properties, excluding our hospitality investments, and any third-party interests in such properties. For our industrial, net lease, data centers, office and retail investments, occupancy includes all leased square footage as of the date indicated. For our multifamily, student housing and affordable housing investments, occupancy is defined as the percentage of actual rent divided by gross potential rent (defined as actual rent for occupied units and market rent for vacant units) for the three months ended on the date indicated. For our single family rental housing investments, the occupancy rate includes occupied homes for the month ended on the date indicated. For our self storage, manufactured housing and senior living investments, the occupancy rate includes occupied square footage, occupied sites and occupied units, respectively, as of the date indicated. The average occupancy rate for our hospitality investments was 73% for the twelve months ended March 31, 2025, and includes paid occupied rooms. Hospitality investments owned less than 12 months are excluded from the average occupancy rate calculation. Unconsolidated investments are excluded from occupancy rate calculations.

Peer Set. As of March 31, 2025, Non-listed REIT peer set consists of Ares Real Estate Income Trust, Brookfield Real Estate Income Trust, JLL Income Property Trust, KKR Real Estate Select Trust, Nuveen Global Cities REIT and Starwood Real Estate Income Trust. Reflects sector concentrations for the peer set based on public filings and Blackstone Proprietary Data. Weighted by asset value. This group of issuers was selected by us as our peer set as we believe they are currently the larger and more active net asset value based non-listed REITs ("NAV REITs") sponsored by other institutional investment managers that have a diversified investment strategy. This peer set does not represent all NAV REITs or other non-listed REITs in existence. The peer set's assets are located in markets that are different from BREIT's markets. There are other differences among the peer set of NAV REITs which are not reflected above. Please refer to the websites and public filings of each issuer for additional information.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

Property Sector and Region Concentration. "Property Sector" weighting is measured as the asset value of real estate investments for each sector category divided by the asset value of all of BREIT's real estate investments, excluding the value of any third-party interests in such real estate investments. Rental housing includes the following subsectors: multifamily (21%, including senior housing, which accounts for <1%), student housing (9%), single family rental housing (9%, including manufactured housing, which accounts for 1%) and affordable housing (8%). Please see the prospectus for more information on BREIT's investments. "Region Concentration" represents regions as defined by the National Council of Real Estate Investment Fiduciaries ("NCREIF") and the weighting is measured as the asset value of real estate properties for each regional category divided by the asset value of all of BREIT's real estate properties, excluding the value of any third-party interests in such real estate properties. "Sunbelt" reflects the South and West regions of the U.S. as defined by NCREIF. "Non-U.S." reflects investments in Europe and Canada. Our portfolio is currently concentrated in certain industries and geographies, and, as a consequence, our aggregate return may be substantially affected by adverse economic or business conditions affecting that particular type of asset or geography.

Same Property NOI Growth. Represents BREIT's year-to-date same property NOI growth for the three months ended March 31, 2025 compared to the prior year. Net Operating Income ("NOI") is a supplemental non-GAAP measure of BREIT's property operating results that BREIT believes is meaningful because it enables management to evaluate the impact of occupancy, rents, leasing activity and other controllable property operating results at BREIT's real estate. BREIT defines NOI as operating revenues less operating expenses, which exclude (i) impairment of investments in real estate, (ii) depreciation and amortization, (iii) straight-line rental income and expense, (iv) amortization of above- and below-market lease intangibles, (v) amortization of accumulated unrealized gains on derivatives previously recognized in other comprehensive income, (vi) lease termination fees, (vii) property expenses not core to the operations of such properties, (viii) other non-property-related revenue and expense items such as (a) general and administrative expenses, (b) management fee paid to the Adviser, (c) performance participation allocation paid to the Special Limited Partner, (d) incentive compensation awards, (e) income (loss) from investments in real estate debt, (f) change in net assets of consolidated securitization vehicles, (g) income (loss) from interest rate derivatives, (h) net gain on dispositions of real estate, (i) interest expense, net, (j) loss on extinguishment of debt, (k) other income (expense), and (l) buyout costs and (ix) similar adjustments for NOI attributable to non-controlling interests and unconsolidated entities. BREIT evaluates BREIT's consolidated results of operations on a same-property basis, which allows BREIT to analyze BREIT's property operating results excluding acquisitions and dispositions during the periods under comparison. Properties in BREIT's portfolio are considered same property if they were owned for the full periods presented, otherwise they are considered non-same property. Recently developed properties are not included in same property results until the properties have achieved stabilization for both full periods presented. BREIT defines stabilization for the property as the earlier of (i) achieving 90% occupancy, (ii) 12 months after receiving a certificate of occupancy, or (iii) for Data Centers 12 months after receiving a certificate of occupancy and greater than 50% of its critical IT capacity has been built. Certain assets are excluded from same property results and are considered non-same property, including (i) properties held-for-sale, (ii) properties that are being redeveloped, (iii) properties identified for future sale, and (iv) interests in unconsolidated entities under contract for sale with hard deposit or other factors ensuring the buyer's performance. We do not consider BREIT's investments in the real estate debt segment or equity securities to be same property. For more information, please refer to BREIT's Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on May 9, 2025 and the prospectus. Additionally, please refer to page 28 for a reconciliation GAAP loss to same property NOI for the three months ended March 31, 2025 and 2024.

Returns. Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. **All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT expenses, including general and administrative expenses, transaction-related expenses, management fees, performance participation allocation, and share-class-specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year. Past performance does not predict future returns.** The inception dates for the Class S, T, D and I shares are January 1, 2017, May 1, 2017, January 1, 2017 and June 1, 2017, respectively. **The returns have been prepared using unaudited data and valuations of the underlying investments in BREIT's portfolio, which are estimates of fair value and form the basis for BREIT's NAV. Valuations based upon unaudited reports from the underlying investments may be subject to later adjustments, may not correspond to realized value and may not accurately reflect the price at which assets could be liquidated.** As return information is calculated based on NAV, return information presented will be impacted should the assumptions on which NAV was determined prove to be incorrect. Returns listed as (with sales load) assume payment of the full upfront sales charge at initial subscription (3.5% for Class S and Class T shares; 1.5% for Class D shares). The sales charge for Class D shares became effective May 1, 2018. Class S, Class T and Class D shares listed as (no sales load) exclude up-front selling commissions and dealer manager fees. Inception to date ("ITD") returns for BREIT are annualized consistent with the IPA Practice Guideline 2018. Returns for periods of less than one year are not annualized.

Select Images. The selected images of certain BREIT investments in this presentation are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. It should not be assumed that BREIT's investment in the properties identified and discussed herein were or will be profitable. Please refer to BREIT Real Estate Property Holdings for a complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies), including BREIT's ownership interest in such investments.

Share Repurchase Plan. Total repurchases are limited to 2% of aggregate NAV per month (measured using the aggregate NAV as of the end of the immediately preceding month) and 5% of aggregate NAV per calendar quarter (measured using the average aggregate NAV as of the end of the immediately preceding three months) (in each case, including repurchases at certain non-U.S. investor access funds primarily created to hold shares of BREIT). For the avoidance of doubt, both of these limits are assessed each month in a calendar quarter. We have in the past received, and may in the future receive, repurchase requests that exceed the limits under our share repurchase plan, and we have in the past repurchased less than the full amount of shares requested, resulting in the repurchase of shares on a pro rata basis. We are not obligated to repurchase any shares, and our board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

Further, our board of directors has in the past made exceptions to the limitations in our share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend our share repurchase plan if, in its reasonable judgment, it deems such action to be in our best interest and the best interest of our stockholders. See BREIT's prospectus, periodic reporting and www.breit.com for more detailed information. Shares outstanding for less than one year will be repurchased at 98% of the then-current transaction price.

Sponsor. This material makes reference to Blackstone, a premier global investment manager. The real estate group of Blackstone, Blackstone Real Estate, is BREIT's sponsor and an affiliate of the BREIT Adviser. Information regarding Blackstone and Blackstone Real Estate is included to provide information regarding the experience of BREIT's sponsor and its affiliates. An investment in BREIT is not an investment in BREIT's sponsor or Blackstone as BREIT is a separate and distinct legal entity.

Tax Information. The tax information herein is provided for informational purposes only, is subject to material change, and should not be relied upon as a guarantee or prediction of tax effects. This material also does not constitute tax advice to, and should not be relied upon by, potential investors, who should consult their own tax advisors regarding the matters discussed herein and the tax consequences of an investment. A portion of REIT ordinary income distributions may be tax deferred given the ability to characterize ordinary income as Return of Capital ("ROC"). ROC distributions reduce the stockholder's tax basis in the year the distribution is received, and generally defer taxes on that portion until the stockholder's stock is sold via redemption. Upon redemption, the investor may be subject to higher capital gains taxes as a result of a lower cost basis due to the return of capital distributions. Certain non-cash deductions, such as depreciation and amortization, lower the taxable income for REIT distributions. Investors should be aware that a REIT's ROC percentage may vary significantly in a given year and, as a result, the impact of the tax law and any related advantage may vary significantly from year to year. At this time, the 20% rate deduction to individual tax rates on the ordinary income portion of distributions is set to expire on December 31, 2025. The tax benefits are not applicable to capital gain dividends or certain qualified dividend income and are only available for qualified REITs. If BREIT did not qualify as a REIT, the tax benefit would be unavailable. BREIT's board also has the authority to revoke its REIT election. There may be adverse legislative or regulatory tax changes and other investments may offer tax advantages without the set expiration. An accelerated depreciation schedule does not guarantee a profitable return on investment and return of capital reduces the basis of the investment. While we currently believe that the estimations and assumptions referenced herein are reasonable under the circumstances, there is no guarantee that the conditions upon which such assumptions are based will materialize or are otherwise applicable. This information does not constitute a forecast, and all assumptions herein are subject to uncertainties, changes and other risks, any of which may cause the relevant actual, financial and other results to be materially different from the results expressed or implied by the information presented herein. No assurance, representation or warranty is made by any person that any of the estimations herein will be achieved, and no recipient of this example should rely on such estimations. Investors may also be subject to net investment income taxes of 3.8% and/or state income tax in their state of residence which would lower the after-tax distribution rate received by the investor.

Total Asset Value. Total asset value is measured as (1) the asset value of real estate investments (based on fair value), excluding any third-party interests in such real estate investments, plus (2) the equity in our real estate debt investments measured at fair value (defined as the asset value of our real estate debt investments less the financing on such investments), but excluding any other assets (such as cash or any other cash equivalents). The total asset value would be higher if such amounts were included and the value of our real estate debt investments was not decreased by the financing on such investments. "Real estate debt investments" include BREIT's investments in commercial mortgage-backed securities, residential mortgage-backed securities, mortgage loans and other debt secured by real estate and real estate related assets, as described in BREIT's prospectus. The Consolidated GAAP Balance Sheet included in our annual and interim financial statements reflects the loan collateral underlying certain of our real estate debt investments on a gross basis. These amounts are excluded from our real estate debt investments as they do not reflect our economic interest in such assets. As of March 31, 2025, BREIT's total asset value was \$106 billion.

Trends. There can be no assurances that any of the trends described herein will continue or will not reverse. Past events and trends do not imply, predict or guarantee, and are not necessarily indicative of, future events or results.

Use of Leverage. BREIT uses and expects to continue to use leverage. If returns on such investment exceed the costs of borrowing, investor returns will be enhanced. However, if returns do not exceed the costs of borrowing, BREIT performance will be depressed. This includes the potential for BREIT to suffer greater losses than it otherwise would have. The effect of leverage is that any losses will be magnified. The use of leverage involves a high degree of financial risk and will increase BREIT's exposure to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of BREIT's investments. This leverage may also subject BREIT and its investments to restrictive financial and operating covenants, which may limit flexibility in responding to changing business and economic conditions. For example, leveraged entities may be subject to restrictions on making interest payments and other distributions.

INDEX DEFINITIONS

An investment in BREIT is not a direct investment in real estate, and has material differences from a direct investment in real estate, including those related to fees and expenses, liquidity and tax treatment. BREIT's share price is subject to less volatility because its per share NAV is based on the value of real estate assets it owns and is not subject to market pricing forces as are the prices of the asset classes represented by the indices presented. Although BREIT's share price is subject to less volatility, BREIT shares are significantly less liquid than these asset classes, and are not immune to fluctuations. Private real estate is not traded on an exchange and will have less liquidity and price transparency. The value of private real estate may fluctuate and may be worth less than was initially paid for it.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

The volatility and risk profile of the indices presented is likely to be materially different from that of BREIT including those related to fees and expenses, liquidity, safety, and tax features. In addition, the indices employ different investment guidelines and criteria than BREIT; as a result, the holdings in BREIT may differ significantly from the holdings of the securities that comprise the indices. The indices are not subject to fees or expenses, are meant to illustrate general market performance and it may not be possible to invest in the indices. The performance of the indices has not been selected to represent an appropriate benchmark to compare to BREIT's performance, but rather is disclosed to allow for comparison of BREIT's performance to that of well-known and widely recognized indices. A summary of the investment guidelines for the indices presented is available upon request. In the case of equity indices, performance of the indices reflects the reinvestment of dividends.

BREIT does not trade on a national securities exchange, and therefore, is generally illiquid. Your ability to redeem shares in BREIT through BREIT's share repurchase plan may be limited, and fees associated with the sale of these products can be higher than other asset classes. In some cases, periodic distributions may be subsidized by borrowed funds and include a return of investor principal. This is in contrast to the distributions investors receive from large corporate stocks that trade on national exchanges, which are typically derived solely from earnings. Investors typically seek income from distributions over a period of years. Upon liquidation, return of capital may be more or less than the original investment depending on the value of assets.

An investment in BREIT (i) differs from the MSCI U.S. REIT Index in that BREIT is not a publicly traded U.S. Equity REIT and (ii) differs from the NFI-ODCE in that such index represents various private real estate funds with differing terms and strategies.

- The MSCI U.S. REIT Index is a free float-adjusted market capitalization index that is comprised of equity REITs. The index is based on the MSCI USA Investable Market Index (IMI), its parent index, which captures large, mid and small cap securities. It represents about 99% of the U.S. REIT universe. The index is calculated with dividends reinvested on a daily basis.
- The NFI-ODCE is a capitalization-weighted, gross of fees, time-weighted return index with an inception date of December 31, 1977. Published reports also contain equal-weighted and net of fees information. Open-end funds are generally defined as infinite-life vehicles consisting of multiple investors who have the ability to enter or exit the fund on a periodic basis, subject to contribution and/or redemption requests, thereby providing a degree of potential investment liquidity. The term diversified core equity typically reflects lower risk investment strategies utilizing low leverage and is generally represented by equity ownership positions in stable U.S. operating properties diversified across regions and property types. While funds used in the NFI-ODCE have characteristics that differ from BREIT (including differing management fees and leverage), BREIT's management feels that the NFI-ODCE is an appropriate and accepted index for the purpose of evaluating the total returns of direct real estate funds. Comparisons shown are for illustrative purposes only and do not represent specific investments. Investors cannot invest in this index. BREIT has the ability to utilize higher leverage than is allowed for the funds in the NFI-ODCE, which could increase BREIT's volatility relative to the index. Additionally, an investment in BREIT is subject to certain fees that are not contemplated in the NFI-ODCE.

KEY TERM DEFINITIONS

Performance participation allocation: BREIT Special Limited Partner L.P. (the "Special Limited Partner") will hold a performance participation interest in the Operating Partnership that entitles it to receive an allocation from our Operating Partnership equal to 12.5% of the Total Return, subject to a 5% Hurdle Amount and a High Water Mark, with a Catch-Up (each term as defined below). Such allocation will be measured on a calendar year basis, made quarterly and accrue monthly. "Total Return" for any period since the end of the prior calendar year shall equal the sum of: (1) all distributions accrued or paid (without duplication) on the Operating Partnership units outstanding at the end of such period since the beginning of the then-current calendar year plus (2) the change in aggregate NAV of such units since the beginning of the year, before giving effect to (x) changes resulting solely from the proceeds of issuances of Operating Partnership units, (y) any allocation / accrual to the performance participation interest and (z) applicable stockholder servicing fee expenses (including any payments made to us for payment of such expenses). For the avoidance of doubt, the calculation of Total Return will (i) include any appreciation or depreciation in the NAV of units issued during the then-current calendar year but (ii) exclude the proceeds from the initial issuance of such units.

- Specifically, the Special Limited Partner will be allocated a performance participation in an amount equal to:
 - First, if the Total Return for the applicable period exceeds the sum of (i) the Hurdle Amount for that period and (ii) the Loss Carryforward Amount (any such excess, "Excess Profits"), 100% of such Excess Profits until the total amount allocated to the Special Limited Partner equals 12.5% of the sum of (x) the Hurdle Amount for that period and (y) any amount allocated to the Special Limited Partner pursuant to this clause (this is commonly referred to as a "Catch-Up"); and
 - Second, to the extent there are remaining Excess Profits, 12.5% of such remaining Excess Profits.

"Hurdle Amount" for any period during a calendar year means that amount that results in a 5% annualized internal rate of return ("IRR") on the NAV of the Operating Partnership units outstanding at the beginning of the then-current calendar year and all Operating Partnership units issued since the beginning of the then-current calendar year, taking into account the timing and amount of all distributions accrued or paid (without duplication) on all such units and all issuances of Operating Partnership units over the period. IRR is a metric used in business and asset management to measure the profitability of an investment and is calculated according to a standard formula that determines the total return provided by gains on an investment over time.

"Loss Carryforward Amount" shall initially equal zero and shall cumulatively increase by the absolute value of any negative annual Total Return and decrease by any positive annual Total Return, provided that the Loss Carryforward Amount shall at no time be less than zero. The effect of the Loss Carryforward Amount is that the recoupment of past annual Total Return losses will offset the positive annual Total Return for purposes of the calculation of the special limited partner's performance participation. This is referred to as a "High Water Mark".

Bringing the power of Blackstone Real Estate to individual investors

Note: See "Important Disclosure Information-Select Images".

Why BREIT?

Note: See "Important Disclosure Information-Select Images"

BREIT is a non-listed REIT that invests primarily in stabilized commercial real estate in fast-growing sectors and markets

- 1 Sponsored by the world's largest owner of commercial real estate¹
- 2 We believe BREIT has delivered strong performance since inception over eight years ago
- 3 We believe BREIT has delivered compelling distributions with potential tax benefits²
- 4 High conviction, thematic portfolio
- 5 Monthly subscriptions, distributions and repurchases³

American Campus Communities

Winston Industrial Portfolio

Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources.

Note: As of March 31, 2025, unless otherwise indicated. **Past performance does not predict future returns.** There can be no assurance that any Blackstone fund or investment will be able to implement its investment strategy, achieve its objectives, or avoid substantial losses. Diversification does not assure a profit or protect against a loss in a declining market. Please refer to pages 15 and 16 for more information on the "fast-growing" sectors and markets. See "Important Disclosure Information-Property Sector and Region Concentration" and "Select Images".

1. World's largest owner of commercial real estate based on estimated market value per Real Capital Analytics, as of March 31, 2025. A copy of source materials of such data will be provided upon request.
2. A portion of REIT ordinary income distributions may be tax deferred given the ability to characterize ordinary income as Return of Capital ("ROC"). ROC distributions reduce the stockholder's tax basis in the year the distribution is received, and generally defers taxes on that portion until the stockholder's stock is sold via redemption. Upon redemption, the investor may be subject to higher capital gains taxes as a result of a lower cost basis due to the return of capital distributions. See page 13 and "Important Disclosure Information-Tax Information" for more information.
3. We are not obligated to repurchase any shares, and our board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion. Further, our board of directors has in the past made exceptions to the limitations in our share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend our share repurchase plan if, in its reasonable judgment, it deems such action to be in our best interest and the best interest of our stockholders. Please see BREIT's prospectus, periodic reporting and www.breit.com for more information on our share repurchase plan. See "Important Disclosure Information-Share Repurchase Plan".

Blackstone is the world's largest alternative asset manager

Blackstone serves investors around the world, including individuals and retirement systems that represent tens of millions of teachers, firefighters and other pensioners. Blackstone's investments are intended to preserve and grow clients' capital across market cycles.

There can be no assurance that committed but not yet closed transactions will close as expected or at all.

We believe BREIT has delivered strong long-term performance since BREIT's 2017 inception and compelling distributions

Investors in Class S Shares Have Nearly Doubled Their Money Since BREIT's 2017 Inception¹

8.5%

inception to date annualized Class S (no sales load) net return²

3.9%

annualized Class S distribution rate³

96%

of distributions tax-deferred due to return of capital ("ROC") classification⁴

Note: As of March 31, 2025. **Past performance does not predict future returns.** Financial data is estimated and unaudited. BREIT offers four share classes of common stock to the public: Class S, Class T, Class D, and Class I, each with different eligibility requirements and historic returns. Additional information regarding our operations is available in our annual and interim financial statements filed with the SEC. Investors should review this information in its entirety prior to making an investment decision. BREIT also has designated Class C and Class F common stock ("Class C shares" and "Class F shares", respectively). Class C shares and Class F shares are not available for purchase in BREIT's current public offering and are, or will be, offered pursuant to an exemption to registration under the Securities Act. See "Important Disclosure Information-NAV Calculation and Reconciliation", "Returns", "Trends" and "Use of Leverage", for further information on the inception dates of each share class and BREIT's NAV calculation, including a reconciliation of GAAP equity to NAV.

1. Performance returns reflect reinvested distributions and changes in the NAV per share. Additional share class-specific fees may be paid with respect to Class S, T, D shares, which would lower returns. Growth of \$100,000 since inception for each share class was as follows: Class S: \$195,557; Class T: \$190,919; Class D: \$200,145; Class I: \$209,850. The \$100,000 amount used in this illustration is hypothetical, was chosen arbitrarily and should in no way be interpreted as a recommended investment amount. Suitability rules for investors may apply, such as an investment limit in the issuer to 10% of such investor's liquid net worth. Class I shares require a minimum investment of \$1,000,000, unless waived. Before making an investment decision, prospective investors should consult with their investment adviser regarding their account type and classes of common stock they may be eligible to purchase. See page 26 and BREIT's prospectus for more information on the availability of Class S shares.
2. Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. Return information is not a measure used under GAAP. BREIT has incurred \$1.8 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the three months ended March 31, 2025. Additional information about our net income (loss) as calculated under GAAP is included in our annual and interim financial statements. **All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT expenses, including general and administrative expenses, transaction related expenses, management fees, performance participation allocation, and share class specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year.** Class S returns shown represent shares with no sales load and as such exclude up-front selling commissions and dealer manager fees. The inception date for Class S shares is January 1, 2017. Inception to date ("ITD") net returns for the other share classes were as follows: Class S shares (with sales load) 8.0%; Class T shares (no sales load) 8.6%; Class T shares (with sales load) 8.1%; Class D shares (no sales load) 9.2%; Class D shares (with sales load) 9.0%; Class I shares 9.4%. Returns listed as (with sales load) assume payment of the full upfront sales charge at initial subscription (3.5% for Class S and Class T shares; 1.5% for Class D shares). The sales charge for Class D shares became effective May 1, 2018. Class S, Class T and Class D shares listed as (no sales load) exclude up-front selling commissions and dealer manager fees. There is no upfront sales charge on Class I shares. **The returns have been prepared using unaudited data and valuations of the underlying investments in BREIT's portfolio, which are estimates of fair value and form the basis for BREIT's NAV.** Valuations based upon unaudited reports from the underlying investments may be subject to later adjustments, may not correspond to realized value and may not accurately reflect the price at which assets could be liquidated. As return information is calculated based on NAV, return information presented will be impacted should the assumptions on which NAV was determined prove to be incorrect. ITD returns for BREIT are annualized consistent with the IPA Practice Guideline 2018. See page 22 for more information on BREIT's returns.
3. The distribution rates for the other share classes were as follows: Class T shares 4.0%; Class D shares 4.7%; Class I shares 4.8%. Reflects the current month's distribution annualized and divided by the prior month's net asset value, which is inclusive of all fees and expenses. As of March 31, 2025, 100% of inception to date distributions were funded from cash flows from operations. All distribution rates shown are historical.
4. Return of capital ("ROC") distributions reduce the stockholder's tax basis in the year the distribution is received, and generally defer taxes on that portion until the stockholder's stock is sold via redemption. Upon redemption, the investor may be subject to higher capital gains taxes as a result of a lower cost basis due to the return of capital distributions. Certain non-cash deductions, such as depreciation and amortization, lower the taxable income for REIT distributions. BREIT's ROC in 2017, 2018, 2019, 2020, 2021, 2022, 2023 and 2024 was 66%, 97%, 90%, 100%, 92%, 94%, 85% and 96%, respectively.

6. DatacenterHawk, as of December 31, 2024. Reflects gross absorption for the trailing twelve-month periods as of the dates indicated. A copy of the source materials of such data will be provided upon request.

\$10 billion privatization of QTS, the largest and fastest-growing data center company in the world

What We Saw: Explosive Growth in Data¹

Data Created, Consumed & Stored (Zettabytes)

What Blackstone Did: Acquired QTS Data Centers

August 2021

- Mission-critical data centers in top markets such as Northern Virginia and Atlanta
- Proven **20+** yr track record with experienced management team
- **9x+** growth in leased megawatts since acquisition²
- **\$25B+** pre-leased development pipeline and **\$80B+** land bank³
- Technology companies continue to invest heavily in digital infrastructure

Note: \$10 billion purchase price shown at 100% share. BREIT's ownership interest at acquisition was 33% (\$3.2 billion purchase price at share). As of March 31, 2025, BREIT's ownership interest in QTS was 35% and the QTS investment accounted for 14.6% of BREIT's real estate asset value. The selected BREIT investments herein are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. The selected investment examples presented may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by BREIT employing its investment strategies. It should not be assumed that BREIT will make equally successful or comparable investments in the future. See Real Estate Property Holdings for the complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies). Represents BREIT's view of the current market environment as of the date appearing in this material only. "Largest and fastest growing" reflects Blackstone Proprietary Data and datacenterHawk, as of December 31, 2024. "Largest" refers to leased megawatts; and "fastest growing" refers to numerical growth in leased megawatts since Q4 2019 of QTS relative to a peer set of the largest data center companies in the world. See "Important Disclosure Information-Select Images" and "Trends".

1. International Data Corporation (IDC), as of May 2024. 2025 represents year-end estimate. A copy of the source materials of such data will be provided upon request.

2. Blackstone Proprietary Data. Reflects growth in leased megawatts as of March 31, 2025.

3. As of March 31, 2025. Development pipeline reflects total cost for committed development projects at 100% ownership and reflects signed leases. There can be no assurance that these development projects will commence on their current expected terms, or at all, and this information should not be considered an indication of future performance. Future development potential reflects cost estimate of developing data center projects on existing land bank acres at 100% ownership and excludes committed development projects. This information is provided to illustrate the potential for additional development projects at QTS's existing land bank acres, and there can be no assurance that any development projects will arise at these land bank acres. In addition, future land bank opportunities could be allocated to other Blackstone vehicles instead of to QTS or BREIT.

\$13 billion strategic acquisition of the largest U.S. student housing platform

What We Saw: Countercyclical Demand¹

Growing Enrollment in Periods of Economic Softness, Indexed 2000=100

What Blackstone Did: Acquired ACC

August 2022

- **Largest** owner of student housing in the U.S.²
- Exceptionally located portfolio <1/4 mile average walking distance to the nation's premier universities³
- All-weather asset class with strong cash flow generation, generally low capital expenditures and declining new supply^{4,5}
- **Higher** enrollment growth in ACC's markets today vs. national average⁶

Select Universities:

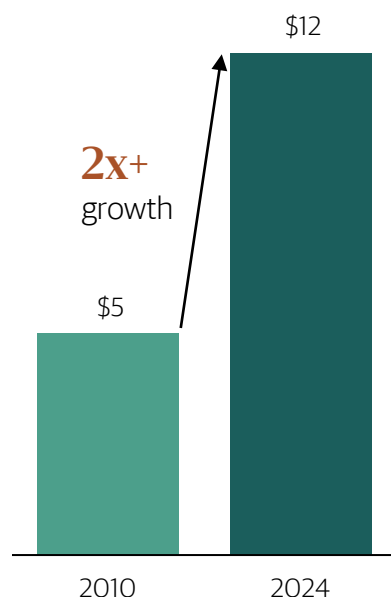

Note: All figures as of acquisition date, unless otherwise indicated. Purchase price shown at 100% share. BREIT's ownership interest at acquisition was 69% (\$8.8 billion purchase price at share). As of March 31, 2025 BREIT's ownership in ACC was 69% and the ACC investment accounted for 7.2% of BREIT's real asset value. The selected BREIT investments herein are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. The selected investment examples presented may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by BREIT employing its investment strategies. It should not be assumed that BREIT will make equally successful or comparable investments in the future. See Real Estate Property Holdings for the complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies). All rights to the trademarks and/or logos presented herein belong to their respective owners and Blackstone's use hereof does not imply an affiliation with, or endorsement by, the owners of these logos. Represents BREIT's view of the current market environment as of the date appearing in this material only. See "Important Disclosure Information-Logos" and "Trends".

1. Axiometrics, as of January 31, 2025. Reflects enrollment growth at the top 175 public universities by size. A copy of the source materials of such data will be provided upon request.
2. Largest owner and manager reflects Student Housing Business data, as of December 31, 2023. A copy of the source materials of such data will be provided upon request.
3. Average distance to campus represents average distance for off-campus assets weighted by number of beds, as of August 24, 2022.
4. Low capital expenditure reflects Blackstone Proprietary Data, as of December 31, 2023.
5. Represents 5-Year CAGR. Declining new supply reflects Blackstone Proprietary Data, as of March 18, 2025. Reflects deliveries as a percentage of enrollment in ACC's markets weighted by leasable beds at share.
6. National Clearinghouse Research Center, as of January 23, 2025 and Blackstone Proprietary Data, as of March 18, 2025. National Average reflects Public 4-Year and Private Non-Profit 4-Year universities and excludes ACC markets. A copy of the source materials of such data will be provided upon request.

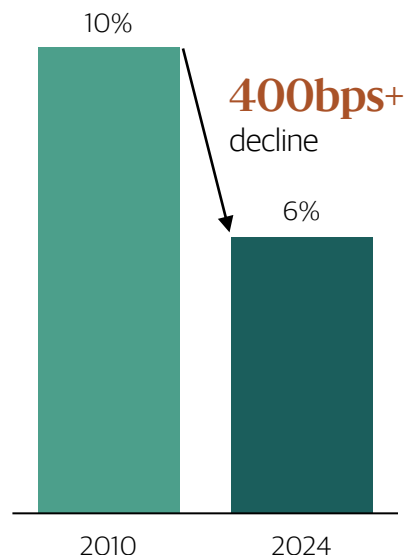

Primarily last-mile industrial portfolio in strong markets

Strong Fundamentals¹

U.S. Industrial Rent Growth
(Annual, Per Square Foot)

U.S. Industrial Vacancy

BREIT's Industrial Portfolio

- Blackstone is the largest private owner of U.S. warehouses²
- BREIT's top markets are Chicago, Dallas and Atlanta, markets generally less impacted by international trade and tariffs
- Portfolio benefits from e-commerce growth, faster deliveries and reindustrialization tailwinds as well as declining new supply:
 - ~\$700B of U.S. manufacturing investment announcements since 2021³
 - 65% increase in Amazon Prime same day or overnight deliveries YoY⁴

Note: All figures as of March 31, 2025, unless otherwise indicated. Properties and square feet shown at 100% share. The selected BREIT investments herein are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. The selected investment examples presented may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by BREIT employing its investment strategies. It should not be assumed that BREIT will make equally successful or comparable investments in the future. See Real Estate Property Holdings for the complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies). Represents BREIT's view of the current market environment as of the date appearing in this material only. See "Important Disclosure Information-Select Images" and "-Trends".

1. CBRE. Rent growth represents net asking rents for the years ended December 31, 2010 and December 31, 2024. Vacancy represents average vacant U.S. industrial space for the four quarters ended December 31, 2010 and December 31, 2024. A copy of the source materials of such data will be provided upon request.
2. Refers to Blackstone Real Estate's U.S. warehouse portfolio. As of December 31, 2025, BREIT's U.S. industrial portfolio accounted for ~35% of Blackstone Real Estate's U.S. industrial portfolio. See "Important Disclosure Information-Sponsor".
3. Blackstone Proprietary Data as of April 22, 2025.
4. Amazon earnings, as of December 31, 2024. A copy of the source materials of such data will be provided upon request.

Appendix: Track Record & Terms

Note: See "Important Disclosure Information-Select Images".

We believe BREIT has delivered strong long-term returns since inception

Performance

As of March 31, 2025¹

	YTD Return	1-Year Return	5-Year Return	Inception to Date Return (Annualized)
Class S (no sales load)	1.7%	1.2%	10.0%	8.5%
Class S (with sales load) ²	-1.8%	-2.3%	9.3%	8.0%
Class T (no sales load)	1.7%	1.2%	10.1%	8.6%
Class T (with sales load) ²	-1.8%	-2.3%	9.4%	8.1%
Class D (no sales load)	1.8%	1.8%	10.6%	9.2%
Class D (with sales load) ²	0.3%	0.3%	10.3%	9.0%
Class I	1.9%	2.0%	11.0%	9.4%

Note: Estimated and unaudited as of March 31, 2025. **Past performance does not predict future returns.** Additional information regarding our operations is available in our annual and interim financial statements filed with the SEC. Investors should review this information in its entirety prior to making an investment decision. See "Important Disclosure Information-NAV Calculation and Reconciliation", "-Returns", "-Trends" and "-Use of Leverage".

1. Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. Return information is not a measure used under GAAP. BREIT has incurred \$1.8 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the three months ended March 31, 2025. This amount largely reflects the expense of real estate depreciation and amortization in accordance with GAAP. Additional information about our net income (loss) as calculated under GAAP is included in our annual and interim financial statements. All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT expenses, including general and administrative expenses, transaction-related expenses, management fees, performance participation allocation, and share-class-specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year. Class S, Class T and Class D shares listed as (with sales load) reflect the returns after the maximum up-front selling commission and dealer manager fees. Class S, Class T and Class D shares listed as (no sales load) exclude up-front selling commissions and dealer manager fees. 1-year refers to the twelve months ending March 31, 2025. 5-Year and Inception to date returns for BREIT are annualized consistent with the IPA Practice Guideline 2018. Returns for periods of less than one year are not annualized. See "Important Disclosure Information-Returns" for the inception date of each share class and "-NAV Calculation and Reconciliation" for additional information on our determination of NAV.
2. Assumes payment of the full upfront sales charge at initial subscription (3.5% for Class S and Class T shares; 1.5% for Class D shares). The sales charge for Class D shares became effective May 1, 2018.

Strategy

Investments	Primarily stabilized, income-generating commercial real estate with selective exposure to real estate debt investments ¹
Investment Approach	High conviction, thematic investing
Geographic Focus	Top 50 U.S. markets ²

Structure & Terms

Structure	Non-listed, perpetual monthly valued REIT
Subscriptions, Distributions and Liquidity	Monthly ³
Leverage	Modest ⁴
Tax Reporting	Form 1099-DIV

Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources.

Note: Terms summarized herein represent some but not all investment terms, are for informational purposes and are qualified in their entirety by the more detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making all investments. **Past performance does not predict future returns.**

- As of March 31, 2025, 5% of BREIT's overall portfolio is allocated to real estate debt investments. BREIT has the ability to invest up to 20% of its portfolio in real estate debt investments.
- Represents BREIT's target markets only. BREIT invests primarily in U.S. commercial real estate and to a lesser extent in countries outside of the U.S. Top 50 markets comprise the largest 50 metropolitan statistical areas by total population. U.S. Census Bureau, as of December 31, 2024. Released March 2025, which can be found at <https://www2.census.gov/programs-surveys/popest/datasets/2020-2024/metro/>.
- There are limitations on the number of repurchases we may make in a given month or quarter, and we may choose to repurchase only some, or even none, of shares submitted for repurchase. See "Share Repurchase Plan" in the Offering Highlights and "Important Disclosure information-Share Repurchase Plan".
- See "Important Disclosure Information-Leverage".

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS

Product	BREIT is a perpetual life, institutional-quality real estate investment platform that brings private real estate to income-focused investors ¹
Structure	Non-listed, perpetual life real estate investment trust (REIT)
Investment Guidelines	At least 80% in real estate investments and up to 20% in real estate debt investments, cash and/or cash equivalents
Sponsor / Advisor	Real Estate Group of Blackstone Inc. / BX REIT Advisors L.L.C.
Maximum Offering²	\$60 billion
Offering Price³	Generally equal to our prior month's NAV per share for such class as of the last calendar day of such month, plus applicable selling commissions and dealer manager fees
Subscriptions / NAV Frequency	<ul style="list-style-type: none">▪ Monthly purchases as of the first calendar day of each month; subscription requests must be received at least five business days prior to the first calendar day of the month▪ NAV per share, which will generally be equal to our transaction price, will generally be available within 15 calendar days of month end▪ Transaction price will be available on www.breit.com and in prospectus supplements. If the transaction price is not made available on or before the eighth business day before the first calendar day of the month, or a previously disclosed transaction price for that month is changed, then we will provide notice of such transaction price to subscribing investors
Distributions	<ul style="list-style-type: none">▪ Monthly▪ Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources
Minimum Initial Investment	\$2,500

Note: Terms summarized herein are for informational purposes and qualified in their entirety by the more-detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making an investment.

1. "Institutional quality" refers to BREIT's real estate portfolio and not the terms of the offering. Individual investors should be aware that institutional investors generally have different criteria when making investment decisions.

2. Represents the amount currently registered and excludes \$41 billion registered in prior offerings. We may register additional shares in the future.

3. We may offer shares at a price that we believe reflects the NAV per share of such stock more appropriately than the prior month's NAV per share, including by updating a previously disclosed offering price, in cases where we believe there has been a material change (positive or negative) to our NAV per share since the end of the prior month. For further information, please refer to the "Net Asset Value Calculation and Valuation Guidelines" in BREIT's prospectus, which describe our valuation process and the independent third parties who assist us.

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS (CONT'D)

Suitability Standards	Either (1) a net worth of at least \$250,000 or (2) a gross annual income of at least \$70,000 and a net worth of at least \$70,000. Certain states have additional suitability standards. See the prospectus for more information
Share Repurchase Plan	<ul style="list-style-type: none">■ Monthly repurchases will be made at the transaction price, which is generally equal to our prior month's NAV■ Shares not held for at least one year will be repurchased at 98% of that month's transaction price■ Total repurchases are limited to 2% of aggregate NAV per month (measured using the aggregate NAV as of the end of the immediately preceding month) and 5% of aggregate NAV per calendar quarter (measured using the average aggregate NAV as of the end of the immediately preceding three months) (in each case, including repurchases at certain non-U.S. investor access funds primarily created to hold shares of BREIT)¹■ Repurchase requests must be received in good order by the second-to-last business day of the applicable month■ We are not obligated to repurchase any shares, and our board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion■ The share repurchase plan is subject to other limitations and our board of directors may make exceptions to the limitations in our share repurchase plan (or repurchase fewer shares than such repurchase limitations), or modify or suspend our share repurchase plan if, in its reasonable judgment, it deems such action to be in our best interest and the best interest of our stockholders
Tax Reporting	Form 1099-DIV

Note: Terms summarized herein are for informational purposes and qualified in their entirety by the more detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making an investment. Select broker-dealers may have different standards to determine the appropriateness of this investment for each investor, may not offer all share classes, and/or may offer BREIT at a different minimum initial investment than \$2,500. Minimum initial investment for Class S, T and D shares is \$2,500. The minimum investment amount is \$1,000,000 for Class I shares, unless waived by the dealer manager. With respect to Class T shares, the amounts of upfront selling commissions and dealer manager fees may vary at select broker-dealers, provided that the sum will not exceed 3.5% of the transaction price. The financial advisor and dealer stockholder servicing fee for Class T shares may also vary at select broker-dealers, provided that the sum of such fees will always equal 0.85% per annum of the aggregate NAV of such shares. Broker-dealers may also charge additional fees for certain accounts, such as wrap accounts.

1. For the avoidance of doubt, both of these limits are assessed each month in a calendar quarter. We have in the past received, and may in the future receive repurchase requests that exceed the limits under our share repurchase plan, and we have in the past repurchased less than the full amount of shares requested, resulting in the repurchase of shares on a pro rata basis. See BREIT's prospectus, periodic reporting and www.breit.com for more detailed information.

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS (CONT'D)

Share Class-Specific Fees

	Class S	Class T	Class D	Class I

- Rental Housing includes multifamily and other types of rental housing such as student, affordable, manufactured and single family rental housing, as well as senior living. Rental Housing units include multifamily units, student housing units, affordable housing units, manufactured housing sites, single family rental homes and senior living units. Single family rental homes are accounted for in rental housing units and are not reflected in the number of properties.
- Includes properties owned by unconsolidated entities.
- Certain of our joint venture agreements provide the seller or the other partner a profits interest based on achieving certain internal rate of return hurdles. Such investments are consolidated by us and any profits interest due to the other partners is reported within non-controlling interests.
- Excludes land under development related to our rental housing, industrial and data centers investments.
- For our industrial, net lease, data centers, retail and office investments, occupancy includes all leased square footage as of March 31, 2025. For our multifamily, student housing and affordable housing investments, occupancy is defined as the percentage of actual rent divided by gross potential rent (defined as actual rent for occupied units and market rent for vacant units) for the three months ended March 31, 2025. For our single family rental housing investments, the occupancy rate includes occupied homes for the month ended March 31, 2025. For our self storage, manufactured housing and senior living investments, the occupancy rate includes occupied square footage, occupied sites and occupied units, respectively, as of March 31, 2025. The average occupancy rate for our hospitality investments includes paid occupied rooms for the 12 months ended March 31, 2025. Hospitality investments owned less than 12 months are excluded from the average occupancy rate calculation. Unconsolidated investments are excluded from occupancy rate calculations.
- Represents acquisition of Preferred Apartment Communities ("PAC").
- Includes various ownership interests in 11 unconsolidated multifamily properties.
- Includes a 100% interest in 14,703 consolidated single family rental homes, a 44% interest in 8,522 unconsolidated single family rental homes, and a 12% interest in 1,649 unconsolidated single family rental homes.
- Includes various ownership interests in 37,554 unconsolidated single family rental homes.
- Includes various ownership interests in 394 consolidated affordable housing properties and five unconsolidated affordable housing properties.
- Investment is unconsolidated.
- Includes various ownership interests in 92 consolidated industrial properties and 20 unconsolidated industrial properties.
- Includes 31 wholly owned retail properties and a 50% interest in one unconsolidated retail property.
