

Blackstone

NOT FOR DISTRIBUTION TO FINANCIAL ADVISORS OR
INVESTORS IN THE STATES OF NEW JERSEY OR OHIO

Blackstone Real Estate Income Trust (BREIT)

December 31, 2025

Blackstone Securities Partners L.P., Dealer Manager / Member FINRA

This is neither an offer to sell nor a solicitation of an offer to buy the securities described herein, and must be read in conjunction with the prospectus in order to understand fully all of the implications and risks of the offering to which this sales and advertising literature relates.

A COPY OF THE PROSPECTUS MUST BE MADE AVAILABLE TO YOU IN CONNECTION WITH THIS OFFERING, AND IS AVAILABLE AT WWW.BREIT.COM

IMPORTANT DISCLOSURE INFORMATION

SUMMARY OF RISK FACTORS

BREIT is a non-listed REIT that invests primarily in stabilized income-generating commercial real estate investments across asset classes in the United States (“U.S.”) and, to a lesser extent, real estate debt investments, with a focus on current income. BREIT invests to a lesser extent in countries outside of the U.S. This investment involves a high degree of risk. You should purchase these securities only if you can afford the complete loss of your investment. You should read BREIT’s prospectus carefully for a description of the risks associated with an investment in BREIT. These risks include, but are not limited to, the following:

- Since there is no public trading market for shares of BREIT’s common stock, repurchase of shares by BREIT is generally the only way to dispose of your shares. BREIT’s share repurchase plan, which is approved and administered by BREIT’s board of directors, provides BREIT’s stockholders with the opportunity to request that BREIT repurchases their shares on a monthly basis, but BREIT is not obligated to repurchase any shares, and BREIT’s board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion. In addition, repurchases will be subject to available liquidity and other significant restrictions, including repurchase limitations that have in the past been, and may in the future be, exceeded, resulting in BREIT’s repurchase of shares on a pro rata basis. Further, BREIT’s board of directors has in the past made exceptions to the limitations in BREIT’s share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend BREIT’s share repurchase plan if, in its reasonable judgment, it deems such action to be in BREIT’s best interest and the best interest of BREIT’s stockholders, such as when repurchase requests would place an undue burden on BREIT’s liquidity, adversely affect BREIT’s operations or impose an adverse impact on BREIT that would outweigh the benefit of repurchasing shares submitted for repurchase. BREIT’s board of directors cannot terminate BREIT’s share repurchase plan absent a liquidity event which results in BREIT’s stockholders receiving cash or securities listed on a national securities exchange or where otherwise required by law. As a result, BREIT’s shares should be considered as having only limited liquidity and at times may be illiquid.
- Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of BREIT’s assets, repayments of BREIT’s real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. BREIT has no limits on the amounts BREIT may fund from such sources.
- The purchase and repurchase price for shares of BREIT’s common stock are generally based on BREIT’s prior month’s net asset value (“NAV”) and are not based on any public trading market. While there will be annual appraisals of BREIT’s properties performed by independent third-party appraisal firms, the valuation of properties is inherently subjective, and BREIT’s NAV may not accurately reflect the actual price at which BREIT’s properties could be liquidated on any given day.
- BREIT is dependent on BX REIT Advisors L.L.C. (the “Adviser”) to conduct BREIT’s operations, as well as the persons and firms the Adviser retains to provide services on BREIT’s behalf. The Adviser will face conflicts of interest as a result of, among other things, the allocation of investment opportunities among BREIT and Other Blackstone Accounts (as defined in BREIT’s prospectus), the allocation of time of its investment professionals and the substantial fees that BREIT will pay to the Adviser.
- Principal and interest payments on any of BREIT’s outstanding borrowings will reduce the amount of funds available for distribution or investment in additional real estate assets.
- There are limits on the ownership and transferability of BREIT’s shares.
- BREIT does not own the Blackstone name, but BREIT is permitted to use it as part of BREIT’s corporate name pursuant to a trademark license agreement with an affiliate of Blackstone Inc. (“Blackstone”). Use of the name by other parties or the termination of BREIT’s trademark license agreement may harm BREIT’s business.
- BREIT intends to continue to qualify as a REIT for U.S. federal income tax purposes. However, if BREIT fails to qualify as a REIT and no relief provisions apply, BREIT’s NAV and cash available for distribution to BREIT’s stockholders could materially decrease.
- The acquisition of investment properties may be financed in substantial part by borrowing, which increases BREIT’s exposure to loss. The use of leverage involves a high degree of financial risk and will increase the exposure of BREIT’s investments to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of BREIT’s investments.
- Investing in commercial real estate assets involves certain risks, including but not limited to: tenants’ inability to pay rent; increases in interest rates and lack of availability of financing; tenant turnover and vacancies; and changes in supply of or demand for similar properties in a given market.
- Recent concerns about the real estate market, changes in interest rates, elevated inflation, increased energy costs and geopolitical issues (including trade and other conflicts) have contributed to increased market volatility and may negatively impact the economy going forward. BREIT’s operating results will be affected by global and national economic and market conditions generally and by the local economic conditions where BREIT’s properties are located, including changes with respect to rising vacancy rates or decreasing market rental rates; inability to lease space on favorable terms; bankruptcies, financial difficulties or lease defaults by BREIT’s tenants, particularly for BREIT’s tenants with net leases for large properties; elevated inflation, changes in interest rates and supply chain disruptions; market volatility and changes in government rules, regulations and fiscal policies, such as property taxes, zoning laws, limitations on rental rates, compliance costs with respect to environmental laws and the scaling back or termination of government contracts (such as the termination of the U.S. General Services Administration (“GSA”) leases).
- BREIT’s portfolio is currently concentrated in certain industries and geographies, and, as a consequence, BREIT’s aggregate return may be substantially affected by adverse economic or business conditions affecting that particular type of asset or geography.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

- Competition for investment opportunities may reduce BREIT's profitability and the return on your investment.
- Local, regional, or global events such as war (e.g., Russia / Ukraine), acts of terrorism, public health issues like pandemics or epidemics (e.g., COVID-19), recessions, or other economic, political and global macro factors and events could lead to a substantial economic downturn or recession in the U.S. and global economies and have a significant impact on BREIT and its investments. The recovery from such downturns is uncertain and may last for an extended period of time or result in significant volatility, and many of the risks discussed herein associated with an investment in BREIT may be increased.

The properties, sectors and geographies referenced herein do not represent all BREIT investments. The selected investment examples presented or referred to herein may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by BREIT in employing its investment strategies. It should not be assumed that BREIT's investment in the properties identified and discussed herein were or will be profitable or that BREIT will make equally successful or comparable investments in the future. Please refer to <https://www.breit.com/properties> for a complete list of real estate investments (excluding equity in public and private real estate related companies). "Real estate investments" include wholly owned property investments, BREIT's share of property investments held through joint ventures and equity in public and private real estate-related companies.

Neither the Securities and Exchange Commission (the "SEC"), the Attorney General of the State of New York nor any other state securities regulator has approved or disapproved of these securities or determined if the prospectus is truthful or complete. Any representation to the contrary is unlawful.

This material must be read in conjunction with BREIT's prospectus in order to fully understand all the implications and risks of an investment in BREIT. Please refer to the prospectus for more information regarding state suitability standards and consult a financial professional for share class availability and appropriateness. This material is neither an offer to sell nor a solicitation of an offer to buy securities. An offering is made only by the prospectus, which must be made available to you in connection with this offering and is available at www.breit.com/prospectus and a prospectus filed with the Department of Law of the State of New York. Prior to making an investment, investors should read the prospectus in its entirety, including the "Risk Factors" section therein, which contain the risks and uncertainties that BREIT believes are material to BREIT's business, operating results, prospects, and financial condition.

Financial information is approximate and as of December 31, 2025, unless otherwise indicated. The words "we", "us", and "our" refer to BREIT, together with its consolidated subsidiaries, including BREIT Operating Partnership L.P., unless the context requires otherwise.

IMPORTANT DISCLOSURE ABOUT OTHER BLACKSTONE REAL ESTATE FUNDS

This material includes information related to prior investments Blackstone Real Estate has made, in which BREIT will not have any interest. Prospective investors should note that the investment programs, objectives, leverage policies and strategies of Blackstone's opportunistic real estate private equity funds (the "Opportunistic Real Estate Private Equity Funds"), the Blackstone real estate debt funds (the "Real Estate Debt Funds"), and core+ real estate private equity funds (the "Core+ Real Estate Private Equity Funds") are substantially different from the investment program and objectives of BREIT, despite each strategy focusing on making real estate-related investments. Specifically, the Opportunistic Real Estate Private Equity Funds invest in "opportunistic" real estate and real estate-related assets globally (which often are undermanaged assets and with higher potential for equity appreciation), the Real Estate Debt Funds invest in debt investments including mezzanine loans, liquid securities, mortgages and corporate credit, the Core+ Real Estate Private Equity Funds invest in substantially stabilized real estate across office, rental housing, industrial, retail and life science office sectors, with a focus on the major global markets and total return, whereas BREIT is a publicly registered non-listed perpetual-life REIT that generally targets primarily stabilized income-generating commercial real estate investments across asset classes in the United States and, to a lesser extent, real estate debt investments, with a focus on current return. The information provided herein regarding the Opportunistic Real Estate Private Equity Funds, the Real Estate Debt Funds, and the Core+ Real Estate Private Equity Funds is, therefore, provided solely for background purposes.

FORWARD-LOOKING STATEMENT DISCLOSURE

Certain information contained in this material constitutes "forward-looking statements" within the meaning of the federal securities laws and the Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by the use of forward-looking terminology such as "outlook," "indicator," "believes," "expects," "potential," "continues," "identified," "may," "will," "could," "should," "seeks," "approximately," "predicts," "intends," "plans," "estimates," "anticipates," "confident," "conviction" or other similar words or the negatives thereof. These may include financial estimates and their underlying assumptions, statements about plans, objectives, intentions, and expectations with respect to positioning, including the impact of macroeconomic trends and market forces, future operations, repurchases, acquisitions, future performance and statements regarding identified but not yet closed acquisitions and pre-leased but not yet occupied development properties. Such forward-looking statements are inherently subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in such statements. BREIT believes these factors include but are not limited to those described under the section entitled "Risk Factors" in BREIT's prospectus and annual report for the most recent fiscal year, and any such updated factors included in BREIT's periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this document (or BREIT's public filings). Except as otherwise required by federal securities laws, BREIT undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future developments or otherwise.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

ADDITIONAL IMPORTANT DISCLOSURES

Blackstone Securities Partners L.P. ("BSP") is a broker-dealer whose purpose is to distribute Blackstone managed or affiliated products. BSP provides services to its Blackstone affiliates, not to investors in its funds, strategies or other products. BSP does not make any recommendation regarding, and will not monitor, any investment. As such, when BSP presents an investment strategy or product to an investor, BSP does not collect the information necessary to determine – and BSP does not engage in a determination regarding – whether an investment in the strategy or product is in the best interests of, or is suitable for, the investor. You should exercise your own judgment and/or consult with a professional advisor to determine whether it is advisable for you to invest in any Blackstone strategy or product. Please note that BSP may not provide the kinds of financial services that you might expect from another financial intermediary, such as overseeing any brokerage or similar account. For financial advice relating to an investment in any Blackstone strategy or product, contact your own professional advisor.

This material was not created by any third-party registered broker-dealers or investment advisers who are distributing shares of BREIT (each, a "Dealer"). The Dealers have made no independent verification of the information provided and do not guarantee the accuracy or completeness of such information.

This material is not to be reproduced or distributed to any other persons (other than professional advisors of the investors or prospective investors, as applicable, receiving this material) and is intended solely for the use of the persons to whom it has been delivered.

The sole purpose of this material is to inform, and it in no way is intended to attract any funds or deposits. Investments mentioned may not be appropriate for all investors. Any product discussed herein may be purchased only after an investor has carefully reviewed the prospectus and executed the subscription documents. The Dealers have not considered the actual or desired investment objectives, goals, strategies, guidelines, or factual circumstances of any investor in any vehicle(s).

Alternative investments often are speculative, typically have higher fees than traditional investments, often include a high degree of risk and are appropriate only for eligible, long-term investors who are willing to forgo liquidity and put capital at risk for an indefinite period of time. They may be highly illiquid and can engage in leverage and other speculative practices that may increase volatility and risk of loss.

Certain information contained in this material has been obtained from sources outside Blackstone, which in certain cases has not been updated through the date hereof. While such information is believed to be reliable for purposes used herein, no representations are made as to the accuracy or completeness thereof and none of Blackstone, its funds, nor any of their affiliates takes any responsibility for, and has not independently verified, any such information. This information involves a number of assumptions and limitations, and you are cautioned not to give undue weight to these estimates.

Opinions expressed reflect the current opinions of BREIT as of the date appearing in the materials only and are based on BREIT's opinions of the current market environment, which is subject to change. Stockholders, financial professionals and prospective investors should not rely solely upon the information presented when making an investment decision and should review the most recent prospectus, as supplemented, available at www.breit.com. Additionally, BREIT continuously updates its materials. Please refer to www.breit.com/resources to ensure you are reviewing the latest versions of these materials. Certain information contained in the materials discusses general market activity, industry or sector trends, or other broad-based economic, market or political conditions and should not be construed as research or investment advice.

Further, opinions expressed herein may differ from the opinions expressed by a Dealer and/or other businesses / affiliates of a Dealer. This is not a "research report" as defined by FINRA Rule 2241 or a "debt research report" as defined by FINRA Rule 2242 and was not prepared by the Research Departments of a Dealer or its affiliates.

Clarity of text in this document may be affected by the size of the screen on which it is displayed.

Past performance does not predict future returns. Actual results may vary. Diversification does not assure a profit or protection against loss.

Alternative investments involve complex tax structures, tax inefficient investing, and delays in distributing important tax information. Individual vehicles have specific risks related to their investment programs that will vary from vehicle to vehicle. Investors should consult their own tax and legal advisors as Dealers generally do not provide tax or legal advice. REITs are generally not taxed at the corporate level to the extent they distribute all of their taxable income in the form of dividends. Ordinary income dividends are taxed at individual tax rates and distributions may be subject to state tax. Each investor's tax considerations are different and consulting a tax advisor is recommended. Any of the data provided herein should not be construed as investment, tax, accounting or legal advice.

Interests in alternative investment products are distributed by the applicable Dealer and (1) are not FDIC-insured, (2) are not deposits or other obligations of such Dealer or any of its affiliates, and (3) are not guaranteed by such Dealer and its affiliates. Each Dealer is a registered broker-dealer, not a bank.

Blackstone Proprietary Data. Certain information and data provided herein is based on Blackstone proprietary knowledge and data. Portfolio companies may provide proprietary market data to Blackstone, including about local market supply and demand conditions, current market rents and operating expenses, capital expenditures, and valuations for multiple assets. Such proprietary market data is used by Blackstone to evaluate market trends as well as to underwrite potential and existing investments. While Blackstone currently believes that such information is reliable for purposes used herein, it is subject to change, and reflects Blackstone's opinion as to whether the amount, nature and quality of the data is sufficient for the applicable conclusion, and no representations are made as to the accuracy or completeness thereof.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

Leverage. BREIT's leverage ratio is measured by dividing (i) consolidated property-level and entity-level debt net of cash and loan-related restricted cash, by (ii) the asset value of real estate investments (measured using the greater of fair market value and cost) plus the equity in BREIT's settled real estate debt investments. "Real estate debt investments" include BREIT's investments in commercial mortgage-backed securities, residential mortgage-backed securities, mortgage loans and other debt secured by real estate and real estate related assets, as described in BREIT's prospectus. The Consolidated GAAP Balance Sheet included in BREIT's annual and interim financial statements reflects the loan collateral underlying certain of BREIT's real estate debt investments on a gross basis. These amounts are excluded from BREIT's real estate debt investments as they do not reflect BREIT's economic interest in such assets. Indebtedness incurred (i) in connection with funding a deposit in advance of the closing of an investment or (ii) as other working capital advances will not be included as part of the calculation above. The leverage ratio would be higher if the indebtedness on BREIT's real estate debt investments and the pro rata share of debt within BREIT's unconsolidated investments were taken into account. The use of leverage involves a high degree of financial risk and may increase the exposure of the investments to adverse economic factors.

Logos. The logos presented herein were not selected based on performance of the applicable company or sponsor to which they pertain. In Blackstone's opinion, the logos selected were generally the most applicable examples of the given thesis, theme or trend discussed on the relevant slide(s). All rights to the trademarks and/or logos presented herein belong to their respective owners and Blackstone's use hereof does not imply an affiliation with, or endorsement by, the owners of these logos.

MSA. Locations provided for any properties herein, excluding the Real Estate Property Holdings section, indicate the metropolitan statistical area ("MSA") in which such property is located. MSA names have been abbreviated.

NAV Calculation and Reconciliation. This material contains references to BREIT's net asset value ("NAV") and NAV based calculations, which involve significant professional judgment. BREIT's NAV is generally equal to the fair value of BREIT's assets less outstanding liabilities, calculated in accordance with BREIT's valuation guidelines. The calculated value of BREIT's assets and liabilities may differ from BREIT's actual realizable value or future value which would affect the NAV as well as any returns derived from that NAV, and ultimately the value of your investment. As return information is calculated based on NAV, return information presented will be impacted should the assumptions on which NAV was determined prove to be incorrect. NAV is not a measure used under generally accepted accounting principles ("GAAP") and will likely differ from the GAAP value of BREIT's equity reflected in BREIT's financial statements. As of December 31, 2025, BREIT's total equity under GAAP, excluding non-controlling third-party JV interests, was \$22.8 billion and BREIT's NAV was \$54.3 billion. As of December 31, 2025, BREIT's NAV per share was \$14.12, \$14.06, \$13.88, \$13.85, \$13.79, \$13.69 and \$14.13 for Class S, Class S-2, Class T, Class T-2, Class D, Class D-2 and Class I shares, respectively, and GAAP equity per share/unit was \$5.94. GAAP equity accounts for net loss as calculated under GAAP, and BREIT has incurred \$3.5 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the year ended December 31, 2025. BREIT's net loss as calculated under GAAP and a reconciliation of BREIT's GAAP equity, excluding non-controlling third-party JV interests, to BREIT's NAV are provided in BREIT's annual and interim financial statements. BREIT's inception to date cash flows from operating activities, along with inception to date net gains from investment realizations, have funded 100% of BREIT's distributions through December 31, 2025. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Distributions" in BREIT's Yearly Report on Form 10-K for more information. For further information, please refer to "Net Asset Value Calculation and Valuation Guidelines" in BREIT's prospectus, which describes BREIT's valuation process and the independent third parties who assist BREIT.

Occupancy. Occupancy is an important real estate metric because it measures the utilization of properties in the portfolio. Occupancy is weighted by the total value of all consolidated real estate properties, excluding BREIT's hospitality investments, and any third-party interests in such properties. For BREIT's industrial, net lease, data centers, office and retail investments, occupancy includes all leased square footage as of the date indicated. For BREIT's multifamily, student housing and affordable housing investments, occupancy is defined as the percentage of actual rent divided by gross potential rent (defined as actual rent for occupied units and market rent for vacant units) for the three months ended on the date indicated. For BREIT's single family rental housing investments, the occupancy rate includes occupied homes for the month ended on the date indicated. For BREIT's self storage, manufactured housing and senior living investments, the occupancy rate includes occupied square footage, occupied sites and occupied units, respectively, as of the date indicated. The average occupancy rate for BREIT's hospitality investments was 72% for the twelve months ended December 31, 2025 and includes paid occupied rooms. Hospitality investments owned less than 12 months are excluded from the average occupancy rate calculation. Unconsolidated investments are excluded from occupancy rate calculations.

Property Sector and Region Concentration. "Property Sector" weighting is measured as the asset value of real estate investments for each sector category divided by the asset value of all of BREIT's real estate investments, excluding the value of any third-party interests in such real estate investments. Rental housing includes the following subsectors: multifamily (19%), student housing (9%), affordable housing (8%), single family rental housing (7%) and other rental housing (1%, including manufactured housing, which accounts for 1%, and senior housing, which accounts for <1%). Please see the prospectus for more information on BREIT's investments. "Region Concentration" represents regions as defined by the National Council of Real Estate Investment Fiduciaries ("NCREIF") and the weighting is measured as the asset value of real estate properties for each regional category divided by the asset value of all of BREIT's real estate properties, excluding the value of any third-party interests in such real estate properties. "Sunbelt" reflects the South and West regions of the U.S.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

as defined by NCREIF. "Non-U.S." reflects investments in Europe and Canada. BREIT's portfolio is currently concentrated in certain industries and geographies, and, as a consequence, BREIT's aggregate return may be substantially affected by adverse economic or business conditions affecting that particular type of asset or geography.

Returns. Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. **All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT expenses, including general and administrative expenses, transaction-related expenses, management fees, performance participation allocation, and share-class-specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year. Past performance does not predict future returns.** Class S shares, Class T shares and Class D shares were offered in BREIT's primary offering but are currently only available to existing holders of such classes pursuant to BREIT's distribution reinvestment plan. Class S-2 shares, Class T-2 shares, Class D-2 shares and Class I shares may be purchased in BREIT's primary offering and through BREIT's distribution reinvestment plan. The inception dates for the Class S, T, D and I shares are January 1, 2017, June 1, 2017, May 1, 2017 and January 1, 2017, respectively. The inception date for the Class S-2, T-2 and D-2 shares is September 1, 2025. **The returns have been prepared using unaudited data and valuations of the underlying investments in BREIT's portfolio, which are estimates of fair value and form the basis for BREIT's NAV. Valuations based upon unaudited reports from the underlying investments may be subject to later adjustments, may not correspond to realized value and may not accurately reflect the price at which assets could be liquidated.** As return information is calculated based on NAV, return information presented will be impacted should the assumptions on which NAV was determined prove to be incorrect. Returns listed as (with sales load) assume payment of the full upfront sales charge at initial subscription (3.5% for Class S, Class S-2, Class T and Class T-2 shares; 1.5% for Class D and Class D-2 shares). The sales charge for Class D shares became effective May 1, 2018. The sales charge for Class S-2, T-2 and D-2 shares became effective September 1, 2025. Returns listed as (no sales load) exclude up-front selling commissions and dealer manager fees. Returns for periods greater than one year are annualized consistent with the IPA Practice Guideline 2018. Returns for periods of less than one year are not annualized. BREIT no longer offers Class S, T, and D shares in its primary offering, and instead offers Class S-2, T-2 and D-2 shares in its primary offering.

Select Images. The selected images of certain BREIT investments in this presentation are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. It should not be assumed that BREIT's investment in the properties identified and discussed herein were or will be profitable. Please refer to BREIT Real Estate Property Holdings for a complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies), including BREIT's ownership interest in such investments.

Share Repurchase Plan. Total repurchases are limited to 2% of aggregate NAV per month (measured using the aggregate NAV as of the end of the immediately preceding month) and 5% of aggregate NAV per calendar quarter (measured using the average aggregate NAV as of the end of the immediately preceding three months) (in each case, including repurchases at certain non-U.S. investor access funds primarily created to hold shares of BREIT). For the avoidance of doubt, both of these limits are assessed each month in a calendar quarter. BREIT has in the past received, and may in the future receive, repurchase requests that exceed the limits under BREIT's share repurchase plan, and BREIT has in the past repurchased less than the full amount of shares requested, resulting in the repurchase of shares on a pro rata basis. BREIT is not obligated to repurchase any shares, and BREIT's board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion. Further, BREIT's board of directors has in the past made exceptions to the limitations in BREIT's share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend BREIT's share repurchase plan if, in its reasonable judgment, it deems such action to be in BREIT's best interest and the best interest of BREIT's stockholders. See BREIT's prospectus, periodic reporting and www.breit.com for more detailed information. Shares outstanding for less than one year will be repurchased at 98% of the then-current transaction price.

Sponsor. This material makes reference to Blackstone, a premier global investment manager. The real estate group of Blackstone, Blackstone Real Estate, is BREIT's sponsor and an affiliate of the BREIT Adviser. Information regarding Blackstone and Blackstone Real Estate is included to provide information regarding the experience of BREIT's sponsor and its affiliates. An investment in BREIT is not an investment in BREIT's sponsor or Blackstone as BREIT is a separate and distinct legal entity.

Tax Information. The tax information herein is provided for informational purposes only, is subject to material change, and should not be relied upon as a guarantee or prediction of tax effects. This material also does not constitute tax advice to, and should not be relied upon by, potential investors, who should consult their own tax advisors regarding the matters discussed herein and the tax consequences of an investment. A portion of REIT ordinary income distributions may be tax deferred given the ability to characterize ordinary income as Return of Capital ("ROC"). ROC distributions reduce the stockholder's tax basis in the year the distribution is received, and generally defer taxes on that portion until the stockholder's stock is sold via redemption. Upon redemption, the investor may be subject to higher capital gains taxes as a result of a lower cost basis due to the return of capital distributions. Certain non-cash deductions, such as depreciation and amortization, lower the taxable income for REIT distributions. Investors should be aware that a REIT's ROC percentage may vary significantly in a given year and, as a result, the impact of the tax law and any related advantage may vary significantly from year to year. The tax benefits are not applicable to capital gain dividends or certain qualified dividend income and are only available for qualified REITs. If BREIT did not qualify as a REIT, the tax benefit would be unavailable. BREIT's board also has the authority to revoke its REIT election. There may be adverse legislative or regulatory tax changes and other investments may offer tax advantages without the set expiration. An accelerated depreciation schedule does not guarantee a profitable return on investment and return of capital reduces the basis of the investment. While BREIT currently believes that the estimations and assumptions referenced herein are reasonable under the circumstances, there is no guarantee that the conditions upon which such assumptions are based will materialize or are otherwise applicable. This information does not constitute a forecast, and all assumptions herein are subject to uncertainties, changes and other risks, any of which may cause the relevant actual, financial and other results to be materially different from the results expressed or implied by the information presented herein. No assurance, representation or warranty is made by any person that any of the estimations herein will be achieved, and no recipient of this example should rely on such estimations. Investors may also be subject to net investment income taxes of 3.8% and/or state income tax in their state of residence which would lower the after-tax distribution rate received by the investor.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

Total Asset Value. Total asset value is measured as (1) the asset value of real estate investments (based on fair value), excluding any third-party interests in such real estate investments, plus (2) the equity in BREIT's real estate debt investments measured at fair value (defined as the asset value of BREIT's real estate debt investments less the financing on such investments), but excluding any other assets (such as cash or any other cash equivalents). The total asset value would be higher if such amounts were included and the value of BREIT's real estate debt investments was not decreased by the financing on such investments. "Real estate debt investments" include BREIT's investments in commercial mortgage-backed securities, residential mortgage-backed securities, mortgage loans and other debt secured by real estate and real estate related assets, as described in BREIT's prospectus. The Consolidated GAAP Balance Sheet included in BREIT's annual and interim financial statements reflects the loan collateral underlying certain of BREIT's real estate debt investments on a gross basis. These amounts are excluded from BREIT's real estate debt investments as they do not reflect BREIT's economic interest in such assets. As of December 31, 2025, BREIT's total asset value was \$105 billion.

Trends. There can be no assurances that any of the trends described herein will continue or will not reverse. Past events and trends do not imply, predict or guarantee, and are not necessarily indicative of, future events or results.

Use of Leverage. BREIT uses and expects to continue to use leverage. If returns on such investment exceed the costs of borrowing, investor returns will be enhanced. However, if returns do not exceed the costs of borrowing, BREIT performance will be depressed. This includes the potential for BREIT to suffer greater losses than it otherwise would have. The effect of leverage is that any losses will be magnified. The use of leverage involves a high degree of financial risk and will increase BREIT's exposure to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of BREIT's investments. This leverage may also subject BREIT and its investments to restrictive financial and operating covenants, which may limit flexibility in responding to changing business and economic conditions. For example, leveraged entities may be subject to restrictions on making interest payments and other distributions.

INDEX DEFINITIONS

An investment in BREIT is not a direct investment in real estate, and has material differences from a direct investment in real estate, including those related to fees and expenses, liquidity and tax treatment. BREIT's share price is subject to less volatility because its per share NAV is based on the value of real estate assets it owns and is not subject to market pricing forces as are the prices of the asset classes represented by the indices presented. Although BREIT's share price is subject to less volatility, BREIT shares are significantly less liquid than these asset classes, and are not immune to fluctuations. Private real estate is not traded on an exchange and will have less liquidity and price transparency. The value of private real estate may fluctuate and may be worth less than was initially paid for it.

The volatility and risk profile of the indices presented is likely to be materially different from that of BREIT including those related to fees and expenses, liquidity, safety, and tax features. In addition, the indices employ different investment guidelines and criteria than BREIT; as a result, the holdings in BREIT may differ significantly from the holdings of the securities that comprise the indices. The indices are not subject to fees or expenses, are meant to illustrate general market performance and it may not be possible to invest in the indices. The performance of the indices has not been selected to represent an appropriate benchmark to compare to BREIT's performance, but rather is disclosed to allow for comparison of BREIT's performance to that of well-known and widely recognized indices. A summary of the investment guidelines for the indices presented is available upon request. In the case of equity indices, performance of the indices reflects the reinvestment of dividends.

BREIT does not trade on a national securities exchange, and therefore, is generally illiquid. Your ability to redeem shares in BREIT through BREIT's share repurchase plan may be limited, and fees associated with the sale of these products can be higher than other asset classes. In some cases, periodic distributions may be subsidized by borrowed funds and include a return of investor principal. This is in contrast to the distributions investors receive from large corporate stocks that trade on national exchanges, which are typically derived solely from earnings. Investors typically seek income from distributions over a period of years. Upon liquidation, return of capital may be more or less than the original investment depending on the value of assets.

An investment in BREIT (i) differs from the MSCI U.S. REIT Index in that BREIT is not a publicly traded U.S. Equity REIT and (ii) differs from the NFI-ODCE in that such index represents various private real estate funds with differing terms and strategies.

- The MSCI U.S. REIT Index is a free float-adjusted market capitalization index that is comprised of equity REITs. The index is based on the MSCI USA Investable Market Index (IMI), its parent index, which captures large, mid and small cap securities. It represents about 99% of the U.S. REIT universe. The index is calculated with dividends reinvested on a daily basis.
- The NFI-ODCE is a capitalization-weighted, gross of fees, time-weighted return index with an inception date of December 31, 1977. Published reports also contain equal-weighted and net of fees information. Open-end funds are generally defined as infinite-life vehicles consisting of multiple investors who have the ability to enter or exit the fund on a periodic basis, subject to contribution and/or redemption requests, thereby providing a degree of potential investment liquidity. The term diversified core equity typically reflects lower risk investment strategies utilizing low leverage and is generally represented by equity ownership positions in stable U.S. operating properties diversified across regions and property types. While funds used in the NFI-ODCE have characteristics that differ from BREIT (including differing management fees and leverage), BREIT's management feels that the NFI-ODCE is an appropriate and accepted index for the purpose of evaluating the total returns of direct real estate funds. Comparisons shown are for illustrative purposes only and do not represent specific investments. Investors cannot invest in this index. BREIT has the ability to utilize higher leverage than is allowed for the funds in the NFI-ODCE, which could increase BREIT's volatility relative to the index. Additionally, an investment in BREIT is subject to certain fees that are not contemplated in the NFI-ODCE.

IMPORTANT DISCLOSURE INFORMATION (CONT'D)

KEY TERM DEFINITIONS

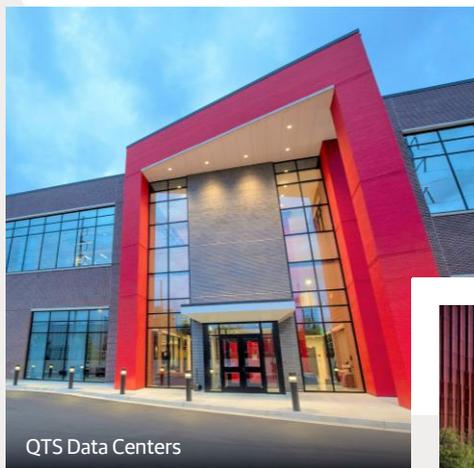

Performance participation allocation: BREIT Special Limited Partner L.P. (the "Special Limited Partner") will hold a performance participation interest in the Operating Partnership that entitles it to receive an allocation from BREIT's Operating Partnership equal to 12.5% of the Total Return, subject to a 5% Hurdle Amount and a High Water Mark, with a Catch-Up (each term as defined below). Such allocation will be measured on a calendar year basis, made quarterly and accrue monthly. "Total Return" for any period since the end of the prior calendar year shall equal the sum of: (1) all distributions accrued or paid (without duplication) on the Operating Partnership units outstanding at the end of such period since the beginning of the then-current calendar year plus (2) the change in aggregate NAV of such units since the beginning of the year, before giving effect to (x) changes resulting solely from the proceeds of issuances of Operating Partnership units, (y) any allocation / accrual to the performance participation interest and (z) applicable stockholder servicing fee expenses (including any payments made to BREIT for payment of such expenses). For the avoidance of doubt, the calculation of Total Return will (i) include any appreciation or depreciation in the NAV of units issued during the then-current calendar year but (ii) exclude the proceeds from the initial issuance of such units.

- Specifically, the Special Limited Partner will be allocated a performance participation in an amount equal to:
 - First, if the Total Return for the applicable period exceeds the sum of (i) the Hurdle Amount for that period and (ii) the Loss Carryforward Amount (any such excess, "Excess Profits"), 100% of such Excess Profits until the total amount allocated to the Special Limited Partner equals 12.5% of the sum of (x) the Hurdle Amount for that period and (y) any amount allocated to the Special Limited Partner pursuant to this clause (this is commonly referred to as a "Catch-Up"); and
 - Second, to the extent there are remaining Excess Profits, 12.5% of such remaining Excess Profits.

"Hurdle Amount" for any period during a calendar year means that amount that results in a 5% annualized internal rate of return ("IRR") on the NAV of the Operating Partnership units outstanding at the beginning of the then-current calendar year and all Operating Partnership units issued since the beginning of the then-current calendar year, taking into account the timing and amount of all distributions accrued or paid (without duplication) on all such units and all issuances of Operating Partnership units over the period. IRR is a metric used in business and asset management to measure the profitability of an investment and is calculated according to a standard formula that determines the total return provided by gains on an investment over time.

"Loss Carryforward Amount" shall initially equal zero and shall cumulatively increase by the absolute value of any negative annual Total Return and decrease by any positive annual Total Return, provided that the Loss Carryforward Amount shall at no time be less than zero. The effect of the Loss Carryforward Amount is that the recoupment of past annual Total Return losses will offset the positive annual Total Return for purposes of the calculation of the special limited partner's performance participation. This is referred to as a "High Water Mark".

Bringing the power of Blackstone Real Estate to individual investors

Note: See "Important Disclosure Information-Select Images".

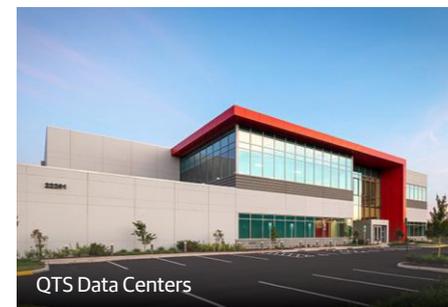

Why BREIT?

Note: See "Important Disclosure Information-Select Images"

BREIT is a non-listed REIT that invests primarily in stabilized commercial real estate in fast-growing sectors and markets

- 1 Sponsored by the world's largest owner of commercial real estate¹
- 2 Strong long-term performance with compelling distributions²
- 3 High conviction, thematic portfolio
- 4 Monthly subscriptions, distributions and repurchases^{2,3}

Note: As of December 31, 2025, unless otherwise indicated. **Past performance does not predict future returns.** There can be no assurance that any Blackstone fund or investment will be able to implement its investment strategy, achieve its objectives, or avoid substantial losses. Diversification does not assure a profit or protect against a loss. Please refer to pages 16 and 17 for more information on the “fast-growing” sectors and markets. See “Important Disclosure Information–Property Sector and Region Concentration” and “–Select Images”.

1. World's largest owner of commercial real estate based on estimated market value per Real Capital Analytics, as of December 31, 2025.
2. Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of BREIT's assets, repayments of BREIT's real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. BREIT has no limits on the amounts BREIT may fund from such sources.
3. BREIT is not obligated to repurchase any shares, and BREIT's board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion. Further, BREIT's board of directors has in the past made exceptions to the limitations in BREIT's share repurchase plan and may in the future, in certain circumstances, make exceptions to such repurchase limitations (or repurchase fewer shares than such repurchase limitations), or modify or suspend BREIT's share repurchase plan if, in its reasonable judgment, it deems such action to be in BREIT's best interest and the best interest of BREIT's stockholders. Please see BREIT's prospectus, periodic reporting and www.breit.com for more information on BREIT's share repurchase plan. See “Important Disclosure Information–Share Repurchase Plan”.

Blackstone is the world's largest alternative asset manager

See "Important Disclosure Information-Select Images" and "-Sponsor".

1. Real Capital Analytics, as of December 31, 2025. World's largest owner of commercial real estate reflects estimated market value. Largest buyer and seller reflect transaction volume since January 1, 2000. No compensation was paid by Blackstone in exchange for, or connection with, Real Capital Analytics' reports. The ranking should not be considered an endorsement of Blackstone or BREIT by Real Capital Analytics.
2. Green Street Advisors, as of December 31, 2025. Represents Blackstone's position as the most active borrower in the SASB real estate market in 2025. No compensation was paid by Blackstone in exchange for, or connection with, Green Street Advisors' reports. The ranking should not be considered an endorsement of Blackstone or BREIT by Green Street Advisors.
3. As of September 30, 2025. Represents the total real estate value of all drawn, closed and committed investments in Blackstone's opportunistic real estate private equity funds, core+ real estate private equity funds, and the Blackstone real estate debt funds plus dry powder. There can be no assurance that committed but not yet closed transactions will close as expected or at all.

BREIT has outperformed public and private real estate

Strong Performance Since Inception^{1,2*}

Since January 2017, Annualized

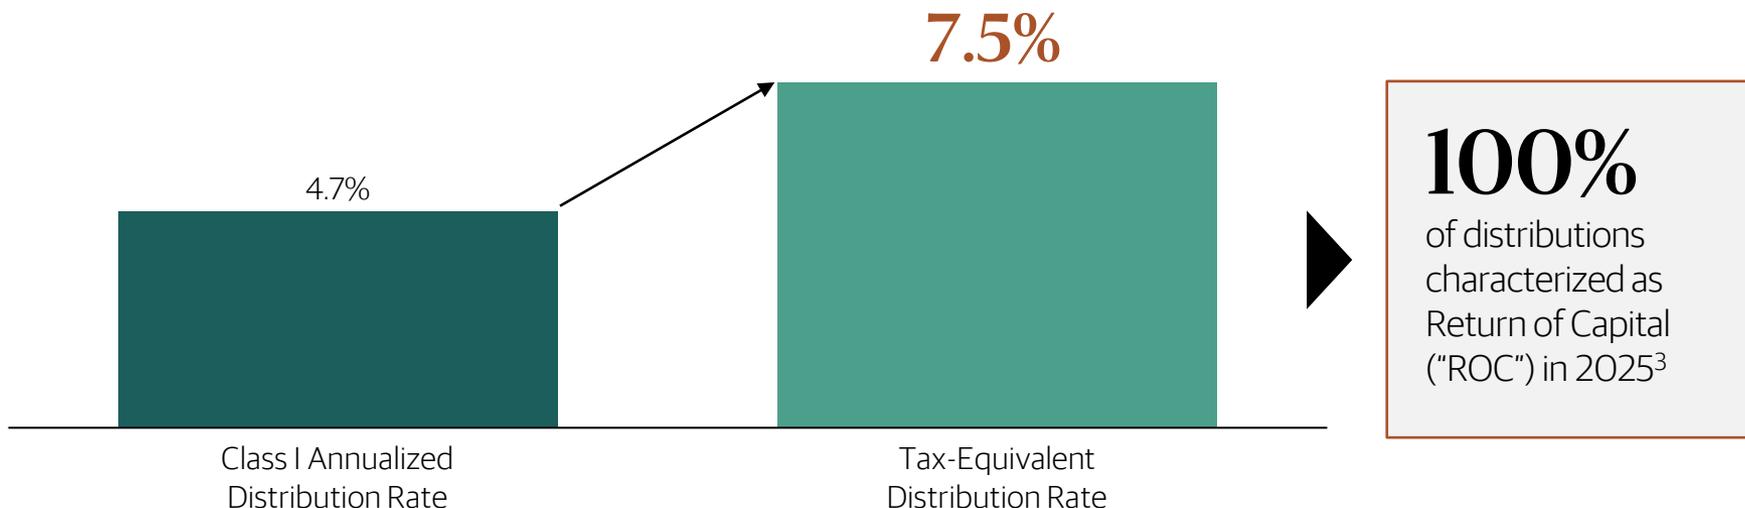

*Class D shares, Class S shares and Class T shares are no longer available for purchase in BREIT's primary offering and only available to existing holders of such classes pursuant to BREIT's distribution reinvestment plan. Class D-2 shares, Class S-2 shares, Class T-2 shares and Class I shares may be purchased in BREIT's primary offering and through BREIT's distribution reinvestment plan.

Note: As of December 31, 2025. **Past performance does not predict future returns.** Financial data is estimated and unaudited. See "Important Disclosure Information-NAV Calculation and Reconciliation", "-Returns", "-Trends", and "-Use of Leverage" for further information on the inception dates of each share class and BREIT's NAV calculation, including a reconciliation of GAAP equity to NAV. See page 24 for more information on BREIT's returns.

1. Represents BREIT Class I shares. Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. Return information is not a measure used under GAAP. BREIT has incurred \$3.5 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the nine months ended December 31, 2025. This amount largely reflects the expense of real estate depreciation and amortization in accordance with GAAP. Additional information about BREIT's net income (loss) as calculated under GAAP is included in BREIT's annual and interim financial statements. **All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT expenses, including general and administrative expenses, transaction related expenses, management fees, performance participation allocation, and share class specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year.** Inception to date net returns for the other share classes: Legacy Class D shares (no sales load) 9.0%; Legacy Class D shares (with sales load) 8.9%; Class D-2 shares (no sales load) N/M; Class D-2 shares (with sales load) N/M; Legacy Class S shares (no sales load) 8.4%; Legacy Class S shares (with sales load) 8.0%; Class S-2 shares (no sales load) N/M; Class S-2 shares (with sales load) N/M; Legacy Class T shares (no sales load) 8.5%; Legacy Class T shares (with sales load) 8.1%; Class T-2 shares (no sales load) N/M; Class T-2 shares (with sales load) N/M. Returns for periods greater than one year are annualized consistent with the IPA Practice Guideline 2018. Due to the short duration since inception, ITD returns for the -2 classes are not yet meaningful. Please see performance information for Class S, D and T shares for additional information.
2. Publicly traded REITs reflect the MSCI U.S. REIT Index total return. Private real estate reflects the NFI-ODCE annualized total net total return. BREIT's Class I inception date is January 1, 2017. **During the period from January 1, 2017 to December 31, 2025, BREIT Class I's annualized total net return of 9.3% was 72% higher than the MSCI U.S. REIT Index annualized total return of 5.4% and 2.7x the NFI-ODCE annualized total net return of 3.5%.** BREIT does not trade on a national securities exchange, and therefore, is generally illiquid. The volatility and risk profile of the indices presented are likely to be materially different from that of BREIT including that BREIT's fees and expenses may be higher and BREIT shares are significantly less liquid than publicly traded REITs. See "Important Disclosure Information-Index Definitions".
3. Performance returns reflect reinvested distributions and changes in the NAV per share. Additional share class-specific fees may be paid with respect to Class D-2, S-2 and T-2 shares, which would lower returns. Class D, S and T shares are still subject to ongoing stockholder servicing fees. Growth since inception for each share class was as follows: Class I: 2.2x; Legacy Class D (no sales load): 2.1x; Class D-2 (no sales load): N/M; Legacy Class S (no sales load): 2.1x; Class S-2 (no sales load): N/M; Legacy Class T (no sales load): 2.0x; Class T-2 (no sales load): N/M. Legacy Class D, Class D-2, Legacy Class S, Class S-2, Legacy Class T and Class T-2 shares listed as (no sales load) exclude up-front selling commissions and dealer manager fees. Payment of the upfront sales charge would reduce returns.

Compelling distributions with potential tax benefits

Annualized Distribution Rate^{1,2*}

*Class D shares, Class S shares and Class T shares are no longer available for purchase in BREIT's primary offering and only available to existing holders of such classes pursuant to BREIT's distribution reinvestment plan. Class D-2 shares, Class S-2 shares, Class T-2 shares and Class I shares may be purchased in BREIT's primary offering and through BREIT's distribution reinvestment plan.

Note: As of December 31 2025. **Past performance does not predict future returns.** See "Important Disclosure Information-NAV Calculation and Reconciliation" for further information on the inception dates of each share class and BREIT's NAV calculation, including a reconciliation of GAAP equity to NAV.

1. Annualized distribution rates for the other share classes were as follows: Legacy Class D: 4.6%; Class D-2: 4.6%; Legacy Class S: 3.9%; Class S-2: 3.9%; Legacy Class T: 3.9%; Class T-2: 4.0%. Class D-2, Class S-2 and Class T-2 shares were first sold on September 1, 2025 and the annualized distribution rate reflects the current month's distribution for such share class annualized and divided by the net asset value of Class D, Class S and Class T shares as of the prior month. Reflects the current month's distribution annualized and divided by the prior month's net asset value, which is inclusive of all fees and expenses. Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of BREIT's assets, repayments of BREIT's real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. BREIT has no limits on the amounts BREIT may fund from such sources. BREIT's inception to date cash flows from operating activities, along with inception to date net gains from investment realizations, have funded 100% of distributions through December 31, 2025. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Distributions" in BREIT's Yearly Report on Form 10-K for more information. All distribution rates shown are historical.
2. 7.5% tax-equivalent distribution rate assumes that the investment in BREIT shares is not sold or redeemed and reflects the pre-tax distribution rate an investor would need to receive from a theoretical investment to match the 4.7% after-tax distribution rate earned by a BREIT Class I stockholder based on BREIT's 2025 ROC of 100%, if the distributions from the theoretical investment (i) were classified as ordinary income subject to tax at the top marginal tax rate of 37%, (ii) did not benefit from the 20% tax rate deduction and (iii) were not classified as ROC. The ordinary income tax rate could change in the future. Tax-equivalent distribution rate for the other share classes are as follows; Class D: 7.3%; Class D-2: 7.3%; Class S: 6.1%; Class S-2: 6.2%; Class T: 6.3%; and Class T-2: 6.3%. The tax-equivalent distribution rate would be reduced by 1.5%, 1.5%, 1.4%, 1.2%, 1.3%, 1.3% and 1.3% for Class I, D, D-2, S, S-2, T and T-2 shares, respectively, taking into account deferred capital gains tax that would be payable upon redemption. This assumes a one-year holding period and includes the impact of deferred capital gains tax incurred in connection with a redemption of BREIT shares. Upon redemption, an investor is assumed to be subject to tax on all prior return of capital distributions at the current maximum capital gains rate of 20%. The capital gains rate could change in the future. See "Important Disclosure Information-Tax Information" for more information.
3. Return of capital ("ROC") distributions reduce the stockholder's tax basis in the year the distribution is received, and generally defer taxes on that portion until the stockholder's stock is sold via redemption. Upon redemption, the investor may be subject to higher capital gains taxes as a result of a lower cost basis due to the return of capital distributions. Certain non-cash deductions, such as depreciation and amortization, lower the taxable income for REIT distributions. BREIT's ROC in 2021, 2022, 2023 2024 and 2025 was 92%, 94%, 85%, 96% and 100%, respectively.

- **\$30B+** pre-leased development pipeline and **\$80B** land bank³
- Technology companies continue to invest heavily in digital infrastructure

Note: \$10 billion purchase price shown at 100% share. BREIT's ownership interest at acquisition was 33% (\$3.2 billion purchase price at share). As of December 31, 2025, BREIT's ownership interest in QTS was 35% and the QTS investment accounted for 20.4% of BREIT's real estate asset value. The selected BREIT investments herein are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. See Real Estate Property Holdings for the complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies). Represents BREIT's view of the current market environment as of the date appearing in this material only. "Largest and fastest-growing" reflects Blackstone Proprietary Data as of December 31, 2025. "Largest" refers to leased megawatts; and "fastest growing" refers to numerical growth in leased megawatts since Q4 2019 of QTS relative to a peer set of the largest data center companies in the world. See "Important Disclosure Information-Select Images" and "Trends".

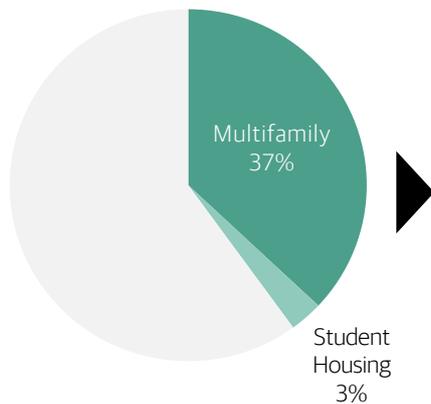

1. International Data Corporations, as of May 2024. 2024-2028 represent year-end estimates.
 2. Blackstone Proprietary Data. Based on leased megawatts at acquisition vs. December 31, 2025 (at 100% ownership). There can be no assurance that these leases will commence on their current expected terms, or at all, and this information should not be considered an indication of future performance.
 3. As of December 31, 2025. Development pipeline reflects total cost for committed development projects at 100% ownership and reflects signed leases. There can be no assurance that these development projects will commence on their current expected terms, or at all, and this information should not be considered an indication of future performance. Future development potential reflects cost estimate of developing data center projects on existing land bank acres at 100% ownership and excludes committed development projects. This information is provided to illustrate the potential for additional development projects at QTS's existing land bank acres, and there can be no assurance that any development projects will arise at these land bank acres. In addition, future land bank opportunities could be allocated to other Blackstone vehicles instead of to QTS or BREIT.

Strategically diversified rental housing portfolio

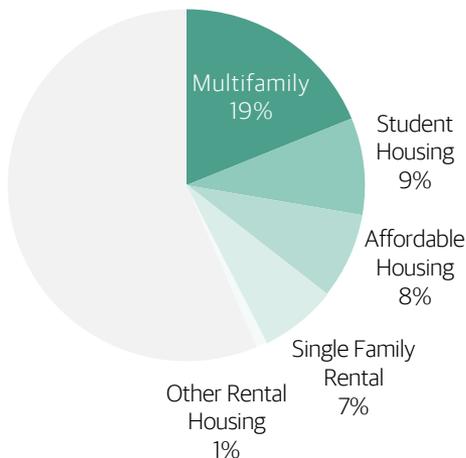

What We Did: Diversify Across Subsectors

Percent of BREIT's Portfolio

2020¹
(40% Rental Housing)

Today
(44% Rental Housing)

What We've Seen: Unique Supply / Demand Dynamics Driving Resilient Performance

Multifamily:

4-5M U.S. housing shortfall supporting strong fundamentals²

Student Housing:

~2x enrollment growth in ACC markets vs. average³

Affordable Housing:

~3x demand for every unit available⁴

Single Family Rental:

~40% more expensive to own vs. rent⁵

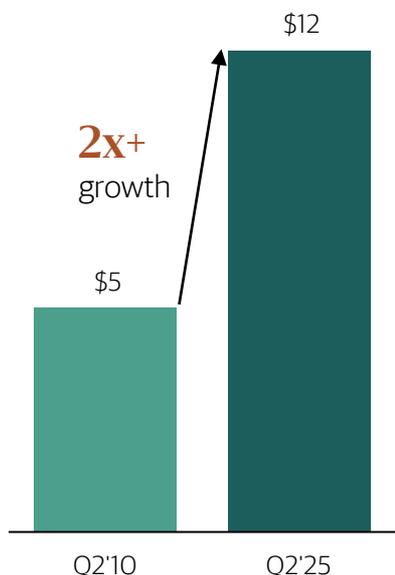

Note: As of December 31, 2025, unless otherwise indicated. Represents BREIT's view of the current market environment as of the date appearing in this material only. There can be no assurance that any of the trends described herein will continue in the future or will not reverse. The above sector example and the sector examples that follow within this presentation are not representative of all real estate industries of a given type or of all investments generally, and they are presented for illustrative purposes only. See "Important Disclosure Information-Trends".

- 2020 Refers to BREIT's real estate portfolio as of December 31, 2020.
- Brookings Institute, as of November 2024. Reflects the cumulative shortfall for total residential units (owned and rented) from 2006-2023.
- Represents 5-year CAGR. National Clearinghouse Research Center, as of January 23, 2025 and Blackstone Proprietary Data, as of December 31, 2025. National Average reflects Public 4-Year and Private Non-Profit 4-Year universities and excludes American Campus Communities ("ACC") markets. As of December 31, 2025, BREIT's ownership in ACC was 69% and the ACC investment accounted for 7.0% of BREIT's real asset value.
- Blackstone Proprietary Data, as of June 30, 2025.
- Blackstone Proprietary Data as of October 3, 2025. Represents the difference between monthly cost of ownership (including mortgage payments, taxes, maintenance costs, insurance, and HOA fees) and monthly rents for HPA and Tricon portfolios. Cost of ownership assumes 30-yr. fixed rate FHA mortgage, 3.5% amortized loan closing costs, and 3.5% down payment.

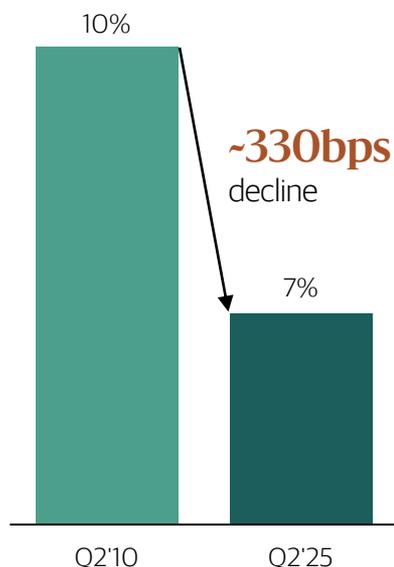

Primarily last-mile industrial portfolio in strong markets

Strong Fundamentals¹

U.S. Industrial Rent Growth
(Per Square Foot)

U.S. Industrial Vacancy

BREIT's Industrial Portfolio

- Blackstone is the largest private owner of U.S. warehouses²
- BREIT's top markets are Chicago, Dallas and Atlanta, markets generally less impacted by international trade and tariffs
- Portfolio benefits from e-commerce growth, faster deliveries and reindustrialization tailwinds as well as declining new supply:
 - ~\$10T+ private and foreign investments recently announced in the U.S.³
 - 65% increase in Amazon Prime same day or overnight deliveries YoY⁴
 - New construction down 60%+ from '22 peak with construction starts at lowest level since 2013⁵

Note: All figures as of December 31, 2025, unless otherwise indicated. Properties and square feet shown at 100% share. The selected BREIT investments herein are provided for illustrative purposes only, are not representative of all BREIT investments of a given property type and are not representative of BREIT's entire portfolio. See Real Estate Property Holdings for the complete list of BREIT's real estate investments (excluding equity in public and private real estate-related companies). Represents BREIT's view of the current market environment as of the date appearing in this material only. See "Important Disclosure Information-Select Images" and "-Trends".

1. CBRE. Rent growth represents net asking rents for the quarters ended June 30, 2010 and June 30, 2025. Vacancy represents vacant U.S. industrial space for the quarters ended June 30, 2010 and June 30, 2025.
 2. Refers to Blackstone Real Estate's U.S. warehouse portfolio. As of December 31, 2025, BREIT's U.S. industrial portfolio accounted for ~35% of Blackstone Real Estate's U.S. industrial portfolio. See "Important Disclosure Information-Sponsor".
 3. The White House, as of April 2026.
 4. Amazon earnings, as of December 31, 2024.
 5. CoStar, as of December 31, 2025. Represents change in annual starts as a percent of prior year-end stock figures for the trailing twelve months as of Q4'25 compared to the year-ended 2022. As of December 31, 2025, the industrial sector accounted for 22% of BREIT's real estate asset value. Data reflects the following Logistics and Flex subsectors per CoStar: Light Manufacturing, Manufacturing, Showroom, Bulk Warehouse, Distribution, Light Distribution, Light Industrial and Warehouse.

Appendix: Track Record & Terms

Note: See "Important Disclosure Information-Select Images".

Strong long-term returns since inception

Performance

As of December 31, 2025¹

Share Class		YTD Return	1-Year Return	5-Year Return	Inception to Date Return

*Class D shares, Class S shares and Class T shares are no longer available for purchase in BREIT's primary offering and only available to existing holders of such classes pursuant to BREIT's distribution reinvestment plan. Class D-2 shares, Class S-2 shares, Class T-2 shares and Class I shares may be purchased in our primary offering and through our distribution reinvestment plan.

Note: Estimated and unaudited as of December 31, 2025. **Past performance does not predict future returns.** See "Important Disclosure Information-NAV Calculation and Reconciliation", "- Returns", "-Trends" and "- Use of Leverage".

- Returns shown reflect the percent change in the NAV per share from the beginning of the applicable period, plus the amount of any distribution per share declared in the period. Return information is not a measure used under GAAP. BREIT has incurred \$2.3 billion in net losses, excluding net losses attributable to non-controlling interests in third-party JV interests, for the six months ended June 30, 2025. The inception dates for the Class S, I, T and D shares are January 1, 2017, January 1, 2017, June 1, 2017 and May 1, 2017, respectively. The inception date for the Class S-2, T-2 and D-2 shares is September 1, 2025. This amount largely reflects the expense of real estate depreciation and amortization in accordance with GAAP. Additional information about BREIT's net income (loss) as calculated under GAAP is included in BREIT's annual and interim financial statements. All returns shown assume reinvestment of distributions pursuant to BREIT's distribution reinvestment plan, are derived from unaudited financial information and are net of all BREIT's expenses, including general and administrative expenses, transaction-related expenses, management fees, performance participation allocation, and share-class-specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year. Shares listed as (with sales load) reflect the returns after the maximum up-front selling commission and dealer manager fees. Shares listed as (no sales load) exclude up-front selling commissions and dealer manager fees. 1-year and 5-year refers to the twelve and sixty months, respectively, ending December 31, 2025. Returns for periods greater than one year are annualized consistent with the IPA Practice Guideline 2018. Due to the short duration since inception, ITD returns for the -2 classes are not yet meaningful. Please see performance information for Class S, D and T shares for additional information. See "Important Disclosure Information>Returns" for the inception date of each share class and "-NAV Calculation and Reconciliation" for additional information on BREIT's determination of NAV.
- Assumes payment of the full upfront sales charge at initial subscription (1.5% for Class D and D-2 shares; 3.5% for Class S and S-2 and Class T and T-2 shares). The sales charge for Class D shares became effective May 1, 2018. The sales charge for Class D-2, S-2 and T-2 shares became effective September 1, 2025.

Strategy

Investments	Primarily stabilized, income-generating commercial real estate with selective exposure to real estate debt investments ¹
Investment Approach	High conviction, thematic investing
Geographic Focus	Top 50 U.S. markets ²

Structure & Terms

Structure	Non-listed, perpetual monthly valued REIT
Subscriptions, Distributions and Liquidity	Monthly ³
Leverage	Modest ⁴
Tax Reporting	Form 1099-DIV

Note: Terms summarized herein represent some but not all investment terms, are for informational purposes and are qualified in their entirety by the more detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making all investments. **Past performance does not predict future returns.**

- As of December 31, 2025, 4% of BREIT's overall portfolio is allocated to real estate debt investments. BREIT has the ability to invest up to 20% of its portfolio in real estate debt investments.
- Represents BREIT's target markets only. BREIT invests primarily in U.S. commercial real estate and to a lesser extent in countries outside of the U.S. Top 50 markets comprise the largest 50 metropolitan statistical areas by total population. U.S. Census Bureau, as of December 31, 2024. Released March 2025.
- Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources. There are limitations on the number of repurchases we may make in a given month or quarter, and we may choose to repurchase only some, or even none, of shares submitted for repurchase. See "Share Repurchase Plan" in the Offering Highlights and "Important Disclosure information-Share Repurchase Plan".
- See "Important Disclosure Information-Leverage".

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS

Product	BREIT is a perpetual life, institutional-quality real estate investment platform that brings private real estate to income-focused investors
Structure	Non-listed, perpetual life real estate investment trust (REIT)
Investment Guidelines	At least 80% in real estate investments and up to 20% in real estate debt investments, cash and/or cash equivalents
Sponsor / Advisor	Real Estate Group of Blackstone Inc. / BX REIT Advisors L.L.C.
Maximum Offering¹	\$60 billion
Offering Price²	Generally equal to our prior month's NAV per share for such class as of the last calendar day of such month, plus applicable selling commissions and dealer manager fees
Subscriptions / NAV Frequency	<ul style="list-style-type: none">▪ Monthly purchases as of the first calendar day of each month; subscription requests must be received at least five business days prior to the first calendar day of the month▪ NAV per share, which will generally be equal to our transaction price, will generally be available within 15 calendar days of month end▪ Transaction price will be available on www.breit.com and in prospectus supplements. If the transaction price is not made available on or before the eighth business day before the first calendar day of the month, or a previously disclosed transaction price for that month is changed, then we will provide notice of such transaction price to subscribing investors
Distributions	<ul style="list-style-type: none">▪ Monthly▪ Distributions are not guaranteed and may be funded from sources other than cash flow from operations, including, without limitation, borrowings, the sale of our assets, repayments of our real estate debt investments, return of capital or offering proceeds, and advances or the deferral of fees and expenses. We have no limits on the amounts we may fund from such sources
Minimum Initial Investment	\$2,500

Note: Terms summarized herein are for informational purposes and qualified in their entirety by the more-detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making an investment.

1. Represents the amount currently registered and excludes the amount registered in prior offerings. We may register additional shares in the future.

2. We may offer shares at a price that we believe reflects the NAV per share of such stock more appropriately than the prior month's NAV per share, including by updating a previously disclosed offering price, in cases where we believe there has been a material change (positive or negative) to our NAV per share since the end of the prior month. For further information, please refer to the "Net Asset Value Calculation and Valuation Guidelines" in BREIT's prospectus, which describe our valuation process and the independent third parties who assist BREIT's.

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS (CONT'D)

Suitability Standards Either (1) a net worth of at least \$250,000 or (2) a gross annual income of at least \$70,000 and a net worth of at least \$70,000. Certain states have additional suitability standards. See the prospectus for more information

- Share Repurchase Plan**
- Monthly repurchases will be made at the transaction price, which is generally equal to our prior month's NAV
 - Shares not held for at least one year will be repurchased at 98% of that month's transaction price
 - Total repurchases are limited to 2% of aggregate NAV per month (measured using the aggregate NAV as of the end of the immediately preceding month) and 5% of aggregate NAV per calendar quarter (measured using the average aggregate NAV as of the end of the immediately preceding three months) (in each case, including repurchases at certain non-U.S. investor access funds primarily created to hold shares of BREIT)¹
 - Repurchase requests must be received in good order by the second-to-last business day of the applicable month
 - We are not obligated to repurchase any shares, and our board of directors may determine to repurchase only some, or even none, of the shares that have been requested to be repurchased in any particular month in its discretion
 - The share repurchase plan is subject to other limitations and our board of directors may make exceptions to the limitations in our share repurchase plan (or repurchase fewer shares than such repurchase limitations), or modify or suspend our share repurchase plan if, in its reasonable judgment, it deems such action to be in our best interest and the best interest of our stockholders

Tax Reporting Form 1099-DIV

Note: Terms summarized herein are for informational purposes and qualified in their entirety by the more detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making an investment. Select broker-dealers may have different standards to determine the appropriateness of this investment for each investor, may not offer all share classes, and/or may offer BREIT at a different minimum initial investment than \$2,500. Minimum initial investment for Class D-2, S-2 and T-2 shares is \$2,500. The minimum investment amount is \$1,000,000 for Class I shares, unless waived by the dealer manager.

1. For the avoidance of doubt, both of these limits are assessed each month in a calendar quarter. We have in the past received, and may in the future receive repurchase requests that exceed the limits under our share repurchase plan, and we have in the past repurchased less than the full amount of shares requested, resulting in the repurchase of shares on a pro rata basis. See BREIT's prospectus, periodic reporting and www.breit.com for more detailed information.

OFFERING HIGHLIGHTS: SUMMARY OF KEY TERMS (CONT'D)

Share Class-Specific Fees

	Class I	Class D-2	Class S-2	Class T-2
Availability	Through fee-based (wrap) programs, registered investment advisors, and other institutional and fiduciary accounts		Through transactional / brokerage accounts	
Upfront				
Selling commissions ¹	None	Up to 1.5%	Up to 3.5%	Up to 3.0%
Dealer manager fee ¹	None	None	None	0.50%
Ongoing				
Stockholder servicing fees ^{1,2} (per annum, payable monthly)	None	0.25%	0.85%	0.65% financial advisor 0.20% dealer

Advisor Fees

Management Fee	1.25% per annum of NAV, payable monthly
Performance Participation Allocation	12.5% of the annual Total Return, subject to a 5% annual Hurdle Amount and a High Water Mark, with a Catch-Up

Note: Terms summarized herein are for informational purposes and qualified in their entirety by the more detailed information set forth in BREIT's prospectus. You should read the prospectus carefully prior to making an investment. Class D shares, Class S shares and Class T shares are no longer available for purchase in our primary offering and only available to existing holders of such classes pursuant to our distribution reinvestment plan. Class D-2 shares, Class S-2 shares, Class T-2 shares and Class I shares may be purchased in our primary offering and through our distribution reinvestment plan.

1. Select broker-dealers may have different standards to determine the appropriateness of this investment for each investor, may not offer all share classes, and/or may offer BREIT at a different minimum initial investment. With respect to Class T-2 shares, the amounts of upfront selling commissions and dealer manager fees may vary at select broker-dealers, provided that the sum will not exceed 3.5% of the transaction price. The financial advisor and dealer stockholder servicing fee for Class T-2 shares may also vary at select broker-dealers, provided that the sum of such fees will always equal 0.85% per annum of the aggregate NAV of such shares. Broker-dealers may also charge additional fees for certain accounts, such as wrap accounts.
2. Class D, S and T shares are still subject to ongoing stockholder servicing fees.

- Rental Housing includes multifamily and other types of rental housing such as student, affordable, manufactured and single family rental housing, as well as senior living. Rental Housing units include multifamily units, student housing units, affordable housing units, manufactured housing sites, single family rental homes and senior living units. Single family rental homes are accounted for in rental housing units and are not reflected in the number of properties.
- Includes properties owned by unconsolidated entities.
- Certain of our joint venture agreements provide the seller or the other partner a profits interest based on achieving certain internal rate of return hurdles. Such investments are consolidated by us and any profits interest due to the other partners is reported within non-controlling interests.
- Excludes land under development related to our rental housing, industrial and data centers investments.
- For our industrial, net lease, data centers, retail and office investments, occupancy includes all leased square footage as of December 31, 2025. For our multifamily, student housing and affordable housing investments, occupancy is defined as the percentage of actual rent divided by gross potential rent (defined as actual rent for occupied units and market rent for vacant units) for the three months ended December 31, 2025. For our single family rental housing investments, the occupancy rate includes occupied homes for the month ended December 31, 2025. For our self storage, manufactured housing and senior living investments, the occupancy rate includes occupied square footage, occupied sites and occupied units, respectively, as of December 31, 2025. The average occupancy rate for our hospitality investments includes paid occupied rooms for the 12 months ended December 31, 2025. Hospitality investments owned less than 12 months are excluded from the average occupancy rate calculation. Unconsolidated investments are excluded from occupancy rate calculations.
- Represents acquisition of Preferred Apartment Communities.
- Includes various ownership interests in 10 unconsolidated multifamily properties.
- Includes a 100% interest in 14,047 consolidated single family rental homes, a 44% interest in 8,336 unconsolidated single family rental homes, and a 12% interest in 1,524 unconsolidated single family rental homes.
- Includes various ownership interests in 38,100 unconsolidated single family rental homes.
- Includes various ownership interests in 376 consolidated affordable housing properties and four unconsolidated affordable housing properties.
- Investment is unconsolidated.
- Includes various ownership interests in 88 consolidated industrial properties and 19 unconsolidated industrial properties.
- Includes 29 wholly owned retail properties and a 50% interest in one unconsolidated retail property.
